ROOSEVELT TOURS MINING DISTRICT

Ex-President Spends Day Among Wage Earners in Wyoming Valley.

ENJOYS HIS EVENTFUL TRIP

Miners in Many Towns Awaited His Arrival—Some Interesting and Funny Incidents During His Travels—Trip Ends.

Wilkesbarre, Pa., August 3.—Theodore Roosevelt traveled for 150 miles today among the mountain mining towns in the Wyoming Valley. He mingled with people of all stations in life, from the breaker boys to society women who are spending the summer at Glen Summit Springs, an aristocratic resort above Wilkesbarre. Late tonight he started back to Oyster Bay.

The Colonel had the same smile for them all, but he made no secret of the fact that his ch ief delight was in meeting the wage earners, who spend their working hours far under the ground. The miners treated him as though he had worked side by side with them for years.

An incident which was typical of the day's happenings occurred at Wyoming, a mining hamlet a few miles above Wilkesbarre. An old Irish woman stepped up to him and, thrusting out her hand, exclaimed: "Hello, Teddy; you're looking fine!"

The former President grinned with delight and said he was glad to see her.

"Yes, indeed," said she. "I'm strong as you are, and you're a fine lump." The Colonel drove away, still smiling. In all, the Colonel passed through fifteen towns today.

John Mitchell, former president of the United Mine Workers of America; the Rev. Father J. J. Curran, of Wilkesbarre, and the Rev. Father J. J. O'Donnell, of Stowell, Pa., rode in the automobile with him. At Brookside, the first stop, a group of men, most of them barefooted, stood idly in front of a store, one of whom recognized Colonel Roosevelt and hailed him as 'Teddy," by which name he went from morning to night, whenever there were miners around. Colonel Roosevelt stopped, shook hands all around and chatted for a few minutes.

There were two women in the crowd, one of whom appeared to weigh 275 pounds, while the other appeared to weigh about 100. The large woman brought up six children, which she said were hers, every one; and she introduced them to the Colonel. Then she turned to the small woman and said: "Ain't he handsome, Minnie?" The Colonel heard her, but looked as though he didn't believe the compliment was meant for him. Then, amid a chorus of "goodbye Teddys," the car shot away.

At Pittston, a town of 10,000, Mrs. Mary Lewis, an elderly woman, pushed through the crowd until she managed to reach the Colonel's side. "I'm the mother of five children," said she.

"Fine, fine!" Colonel Roosevelt exclaimed. He grasped her hand, hardened by years of heavy work, peered into her faded blue eyes and said: "Do you know, my opinion is that the average American is always a pretty good citizen, but many times his wife is a better one."

Pittston made a day of it. The streets were filled with crowds, many houses were d ecorated with flags, and children in the streets waved the colors. Everybody cheered as the Colonel went by.

Duryea, which is populated almost entirely by miners, was the next place reached. At the home of Mrs. Frank Kowalszeck he found six women already there, and a good many others rushed in. As the Colonel was about to leave, after talking with the women of their home life, he turned to one, and pointing to John Mitchell he said: "Do you know who he is? He is John Mitchell."

The woman started as she heard the name of the man who is idolized by so many miners, then she forgot Colonel Roosevelt completely. With a cry she fell on her knees before the miner, clutched his hands and kissed them again and again. Mr. Mitchell raised her to her feet, shook her hand and backed out of the house.

The next stop was at St. Cecilia School, in the outskirts of Wyoming. Here an extremely amusing incident occurred at a nearby country tavern. A man who apparently had been spending a large part of the day in the barroom was sleeping on the porch. As the Roosevelt party rode by the bartender rushed out, gazed at the traveler and then shook the sleeper. "Hey, wake up!" he shouted. "Roosevelt's going by!"

The reveler rubed his eyes sleepily and then sprang to his feet. "Roosevelt going to buy!" he called out gladly, and he ran into the barroom. His disappointment was great when the Colonel did not stop.

Returning to Wilkesbarre, Colonel Roosevelt had luncheon with the Rev. Father Curren and 40 other priests, and resumed his investigations at 3 o'clock. At Avendale, Colonel Roosevelt spent the happiest moments of the day. The population consists chiefly of children, and they gathered about him in clusters. Little Annie McLaughlin rushed up breathlessly. "My mamma wants you to come right in and see her," she cried.

"She has got 12 children."

The distinguished foe of race suicide hastened to the little house. Mrs. McLaughlin was ready for him, and in proof of her assertion she produced seven children of various ages. The other five were not at home, and she begged the Colonel's pardon.

One of Mrs. McLaughlin's children insisted that the Colonel play the piano. "I can't," he protested. As the party had climbed into the automobile a breaker boy came up at full speed. "Stop, stop!" he cried, breathlessly. "There is a woman down the street who has got 18 children, and she wants to see you. But it was getting late and the Colonel had to proceed without seeing her.

Colonel Roosevelt is due in New York early in the morning, and expects then to go on to Oyster Bay.

AVIATOR KILLED AT BRUSSELS

Mishap To H[illegible]chine Resulted in Fatal Accident—Brother of Yesterday's Victim Met Death in Same Manner Last Week.

Brussels, Aug. 3.—Falling from a great height, Nicholas Kinet, the Belgian aviator, was instantly killed this afternoon. Only three weeks ago his brother Daniel, one of the best known of the foreign aeronauts, was killed in a similar manner at Ghent.

Nicholas Kinet was nying at a height of about 650 feet when he was caught in a squall. A rear wire of his bi-pane snapped and becoming entagled in the motor, stopped the engine with a suddenness that turned the aeroplane on its side.

The machine crashed to the ground and Kinet was crushed under it. His wife and a brother were among the witnesses of the accident and rushed upon the field. The wife fell unconscious beside the body, while the brother in a fit of grief threw himself headforemost upon the wrecked machine.

M. Olieslagers, who held the records for duration flights, had a narrow escape from death today. Through some defect in the motor his monopolane dropped to the ground from a height of 65 feet and was wrecked. The aviator was helped from the wreckage and was found to be practically uninjured.

Nicholas Kinet was one of the stars of the Brussels meet.

RETURNS IN KANSAS PRIMARY.

Two Stand Patters Nominated for Congress—Other Winners.

Topeka, Kas., Aug. 3.—While the returns from the Republican State primary are not completed yet enough were in tonight to show who the winners are.

Six insurgent and two stand patters are nominated for Congress. Two of the insurgents, E. H. Madison and Victor Murdock, incumbents from the seventh and eighth districts respectively, had no opposition.

Governor W. E. Stubbs, progressive candidate for governor, defeated Thomas Wagstaff, conservative, by 27,372 votes.

The result of the Congressional nominations follow:

Fifth District—D. R. Anthony, incumbent, stand patter; defeated T. A. McNeal by a majority of 608; Second District, A. C. Mitchell, insurgent, defeated C. F. Scott, incumbent, stand patter, by 1,000; Third District, P. P. Campbell, incumbent, stand patter, defeated Arthur Craiston; Fourth District, Fred S. Jackson, insurgent, defeated J. M. Miller, incumbent, stand patter, by a majority of 4,571; Fifth District, R. R. Rees, insurgent, defeated W. A. Calderhead, incumbent, stand patter, by 2,500; Sixth District, I. D. Young, insurgent, defeated W. H. Reeder, incumbent, stand patter, by 1,000 votes; Seventh District, E. H. Madison, insurgent, no opposition; Eighth District, Victor Murdock, insurgent, no opposition.

CLYDE BUYS FIVE SHIPS.

Service Between Brunswick and New York Will Be Operated.

Atlanta, Ga., August 3. — By the terms of a contract entered into yesterday in New York between the Brunswick Steamship Company and the Clyde Steamship Company, the Clyde line buys the five ships of the Brunswick line, and will immediately establish a fast freight and passenger service between Brunswick and New York.

It was stated here today that the new semi-weekly service will be inaugurated this week, that a more frequent service will be established as soon as the business develops sufficiently to warrant a change. The Brunswick boats purchased were the Altamaha, Ossabaw, Satilla, Ogeechee and Ocmulgee.

FOR RECLAMATION PROJECTS.

Proposed Bond Issue of $20,000,000 Before Treasury.

Washington, Aug. 3.—Treasury Department officials are working over the form of the proposed issue of $20,000,000 worth of bonds to aid in the completion of reclamation projects.

Congress at its last session authorized this issue and the Secretary of the Treasury has notified the Interior Department that it is ready to turn over the amount or any installment of it on call. No date, however, has been fixed for such an issue.

The preparation of the bonds is likely to require two or three months and the department is therefore taking preliminary steps so as to avoid delay when any issue should be deemed necessary.

IOWA FIGHT GOES TO PROGRESSIVES

Convention Endorsed Cummins, Dolliver and Insurgent Delegation.

BRAND TARIFF LAW FAILURE

Taft Was Given Lukewarm Endorsement—Progressive Majority Close to 300 on Every Question—Stormy Session.

Des Moines, Iowa, August 3.—Republican Iowa wrote herself vigorously progressive today at a convention which was in uproar most of the time. Senators Cummins and Dolliver and the insurgent delegation at Washington were enthusiastically endorsed.

The new tariff law was branded as a failure in the light of the party pledge of 1908. President Taft received only a lukewarm endorsement. A stop to harmony was flung out in the endorsement of the administration of Governor Carroll.

An attempt to use the "steam roller" and make the State central committee overwhelmingly progressive was called off, presumably at the hint of Senator Cummins. Senator Cummins was temporary chairman, Senator Dolliver permanent chairman.

The progressive majority ranged close to 300 on every question. The resolutions committee was progressive, six to five.

The foregoing is a synopsis of the day's events. To it may be added cheers and jeers, applause and hisses, music and howls of discord.

The appearance and disappearance of the "steam roller" was one of the diverting incidents of the day. It came about through the insistence of the standpat members of the platform committee in demanding an unqualified endorsement of the Taft administration, the legislative acts of the "regulars" and hostility to Cummins and Dolliver.

What may have been an attempt to stampede the delegates in favor of the stalwart resolutions was made when former Congressman Elsworth Rominger hoisted a portrait of President Taft amid standpat cheers. But the other side answered with silence or with jeers. Later another delegate among the progressives exposed a picture of Colonel Roosevelt, occasioning a demonstration. The Taft portrait was again hoisted, and the two likenesses held so as to confront each other. The demonstration interrupted a roll call for several minutes.

The Standpat Delegates.

The standpat delegates went down in defeat with their colors riveted to the mast. They fought in every committee where a fight was possible, insisted on roll calls, and battled every inch for their principles.

Their resolutions, incorporated in the minority report of the platform committee and voted down by the convention, refers to "the record of achievement of President Taft's administration and the Sixty-first Congress as unequalled in our history," and endorses the Taft policies in fulfillment of the work inaugurated by his predecessor, and congratulates the party and country upon its achievements in securing railroad regulation, and declares that Taft's administration is "entitled to the unequivocal support of every Republican."

It also endorses the "action of President Taft in approving the tariff bill," and commends "his prudent, business-like and economical administration of all the affairs of the nation."

In conclusion it endorses the Iowa delegation in Congress "for all efforts in support of the administration of President Taft, and for such aid and assistance as they have given him in carrying forward his administrative and legislative policies."

Former Congressman Hepburn read the minority report. As the purport of the concluding paragraph became apparent his voice w as drowned in a chorus of jeers and hisses. It was only after much pounding of the gavel by Senator Dolliver that Mr. Hepburn was able to conclude. He moved the substitution of these planks for those of the same application in the majority report, and the motion was lost, 568 to 815.

Judges Horace E. Deemer and W. D. Evans were nominated for re-election to the Supreme Court bench by acclamation. A. M. Deyoe was the choice on second ballot for the State Superintendent of Public Instruction.

The platform adopted renews its allegiance to the doctrine of protection; it favors a non-partisan tariff commission and expresses the belief that when the tariff is again revised its "schedules should be considered separately, so that each subject can be dealt with upon its own merits, and thus secure fair and impartial action upon the part of Congress."

The platform commends "to the nation the type of statesmanship exhibited by Senators Dolliver and Cummins, and they heartily endorse their work upon the tariff bill, the railroad bill and the postal savings b ank bill."

In referring to combinations, the platform insists that "there shall be such competition as will protect the people gaainst the exactions of unrestrained avarice and greed."

It also c ongratulates the county upon the success obtained in the regulation of our common carriers, but they feel that there is yet much to be done to secure reasonable rates and charges to which it is entitled."

The platform concludes with an endorsement of the postal savings bank bill. The policy of conservation of natural resources, income tax and good roads are upheld.

The primary law of the state should be strengthened. United States Senators should be elected by direct vote of the people. It is urged that the present method of representation in national conventions, based on members of Congress, is unfair. Representation on the basis of party strength is suggested.

WIDER NOW AWAITS SENTENCE

Young New York Cashier Plead Guilty to Indictment for Embezzlement. Denies He Made Money on Cotton Speculation.

New York, August 3.—Erwin J. Wider, the young cashier, who today pleaded guilty to the indictment found against him in connection with the embezzlement of the funds of the Russo-Chinese bank, was remanded to the Tombs for sentence on August 10th.

The indictment against Wider specifically charged him with stealing stock valued at $11,400. On his plea of guilty to this indictment, he can be given an indeterminate sentence of from five to ten years. The district attorney's office, however, has intimated that it might ask Wider's indictment on other larceny charges against him in connection with his wholesale stealings of the bank's securities.

Wider's defalcations had continued of a considerable period coincident with his extensive speculation in Wall street, while he was receiving a salary of $1,200 a year. While waiting in the prisoner's pen to be taken back to the Tombs after his sentence today, he took occasion to deny the report that he had made a profit in his cotton speculation and had money hidden away.

PYTHIAN SISTERS' OFFICERS.

Feature of Grand Encampment—Subordinate Lodges Parade.

Milwaukee, Wis., August 3. — The subordinate lodges Knights of Pythias parade today attracted quite as much attention as did the Uniform Rank demonstration yesterday. Added interest prevailed by reason of the Pythian Sisters' participation in the formation. They were conveyed in prettily decorated carriages and handsome floats. The entire body, the twelve divisions headed by the Illinois and Ohio lodges, was in command of Chief Marshal Thomas V. Daily.

In today's session of the Pythian Sisters the following officers were elected: Mrs. Sarah L. Cotton, of Weatherford, Texas, was elected supreme chief, being advanced from the office of supreme senior.

Th next three officers were advanced from the positions held previously by them as follows:

Supreme senior, Mrs. Ira M. Johnson, Central City, Colo.; supreme junior, Mrs. Cora Davis, Union, O.; supreme manager, Lily Samuels, Oakland, Cal.; supreme protector, Mrs. Flora Hall, Savannah, Ga.

Supreme mistress of records and correspondence, M. Josie Neson, Union City, Ind., and supreme mistress of finance, Mrs. Ocea Basford, Lancaster, Wis., were re-elected.

The National Pythian Editorial Association elected the following officers for two years: H. M. Quinn, Jackson, Miss., president; DeWitt C. Cobb, Bridgeton, N. J., vice president; Charles W. Baldwin, Chicago, secretary, and Roger C. Marcy, Chicago, treasurer.

Tonight's programme consisted of a fine fireworks display on barges out in Lake Michigan, fronting Juneau Park, vaudeville and band concert in camp, and a regular meeting of Supreme Assembly, Uniform Rank.

OUTLINES.

Ex-President Theodore Roosevelt yesterday visited many mining towns in the Wyoming Valley of Pennsylvania and spent an eventful day. He is expected in New York today——Inspector Dew emphatically denied yesterday that Dr. Crippen, the accused wife-murderer, had made a confession. He has accepted legal assistance——The bitter and exciting campaign in Tennessee in which Governor Patterson stumped the State came to a close last night——Edwin Wider, the young New York bank cashier, who admits he stole $500,000 in securities, will be sentenced on August 20th——Seven United Wireless officers, recently arrested, were yesterday indicted on two counts in the Federal court and arraigned——President Pedro, of Chile, arrived in New York yesterday and will sail for Europe, August 9th——Theo. H. Waterman has consented to appear before a Federal grand jury and tell about the "corner" in cotton.——New York markets: Money on call easy 1 1-2 to 1 3-4 per cent., ruling rate 1 1-2, closing bid 1 1-2, offered at 1 3-4; flour steady with moderate local trade; wheat spot steady No. 2 red 1.06 1-2 elevator and 1.07 3-4 f. o. b. afloat; corn steady No. 2, 71 3-4 nominal elevator domestic basis to arrive; oats steady, mixed nominal; rosin quiet, turpentine easy; spot cotton closed quiet 15 points higher, middling uplands 15.45, middling gulf 15.70.

CRIPPEN REMAINS SILENT ON CRIME

Inspector Dew Has Emphatically Denied Confession From Dentist.

ACCEPTS LEGAL ASSISTANCE

Declares He is Prepared to Fight When He Returns to London—Vague Rumors Gain Circulation—Peep at Slayer.

Quebec, Aug. 3.—Inspector Dew, of Scotland Yard, captor of Dr. Hawley H. Crippen, said with positiveness and irritation tonight that the prisoner had not confessed to the murder of Belle Elmore, his wife. "If you chaps don't stop pestering me about this confession business I'll have to leave town," said the inspector.

Joseph Morin, Crippen's jailer, was equally positive that no word of confession had come from the dentist's lips. Attorney General Gouin and Judge Langelier before whom the man and his great companion, Ethel Leneve, were arraigned, said they had heard nothing of a confession and they scouted the idea that Crippen could have made one to Dew without their knowledge.

The foregoing denials came on top of vague rumors of unknown origin that there had been a confession although Inspector Dew spent barely five minutes with Crippen during the entire day. This visit he made to the dentist's cell this afternoon to obtain Crippen's answer to Solicitor Newton's cablegram from London proferring legal assistance. To this Crippen replied, accepting and promising to keep his mouth shut and not resist extradition, conditions which were imposed in the solicitor's cable message of last night.

Crippen's acceptance of the offer of counsel would seem further to indicate that he intends to maintain his attitude of silence. And the few words that came directly from the prisoner himself indicated anything but the mood of a self confessed murdered. He told one of his keepers that he would make no fight here, but was prepared to fight when he came to trial in London.

An effort to learn anything about the friends that the London solicitor says are willing to pay the expenses of his defense, was as fruitless here as it is said to have been in London.

The big grey stone jail on the Heights of Abraham, where Crippen is confined has become the foremost of Quebec's many points of interest. The "seeing Quebec" trolley cars stop nearby so that the tourists who throng the city in Summer may have a chance to gaze into the window of the corridor, where the alleged wife slayer takes his exercise. Several persons saw him today and once he looked out the window and smiled.

Miss Leneve did not figure in the day's crop of rumors. She continues to spend her time quietly in the prison infirmary and is said to be improving in health.

Says Crippen Admired Wiwe.

Roselle, N. J., Aug. 3.—"The information of Ethel Clare Leneve and Dr. Chippen had nothing to do with the disappearance of his wife. I am sure of that and I was intimate in their home life.

"If he killed Belle Elmore it was in a fit of ungovernable temper over some petty quarrel. Belle was never jealous to my knowledge. Her husband admired her, took pains to serve her smallest wishes and was genuinely fond of her. I believe Ethel Leneve came into the story later."

Such is the opinion of Mme Fred Ginnett, a close friend of the Crippens, who has just returned to her home here after identifying both Crippen and his companion at Quebec. An associate with Belle Elmore in the London Theatrical Benefit Society of which they were both officers, Mme Ginnett was among the first to distrust the death notice of her friend appearing in the London papers. She suspected a hidden tragedy and, although in this country her activity in forcing her suspicions on the London police was largely responsible for the investigation set on foot by Scotland Yard which first gave Dr. Crippen alarm.

Since coming to this country she has been kept in continuous touch with the little circle of intimates, who were welcome at the home in Hilldrop Crescent and she speaks from their knowledge as well as her own. Therefore their opinions command attention though they differ from those hitherto advanced.

Thinks Leneve Girl Innocent.

"I believe Ethel Leneve is absolutely innocent of any criminal knowledge of how Belle Elmore came to her death" continued Mme Ginnett. I believe the doctor missed his wife after he killed her and that he turned as a lonely man often will do to the woman who had been associated with him in business."

Mme Ginnett refers to the supper given by Belle Elmore and her husband on the night of January 1st at which Mr. and Mrs. Paul Martinette, both Americans retired from the vaudeville stage, were the guests. Letters Mme. Ginnett has had from England lead her to believe the tragedy centers on that night and that information of what happened then has been given to Scotland Yard by the

(Continued on Page Eight.)

THE UNITED WIRELESS TANGLE

Seven Officers, Previously Arrested, Indicted on Two Counts and Arraigned—Charge Worthless Stock and Fraud.

New York, Aug. 3.—Seven officers of the United Wireless Telegraph Company, most of whom had previously been arrested, were indicted by a Federal grand jury today on two counts—one charging conspiracy to defraud by the use of the United States mails, the other charging conspiracy in devising a scheme tc induce investors to buy worthless stock.

The seven indicted are: President Christopher Columbus Wilson, Vice President Daniel S. Bogart, Secretary W. W. Tompkins; Fiscal Agent Geo. H. Parker, General Manager C. C. Ganbraith, Treasurer W. A. Dibell, and Francis X. Butler, counsel and director of the company. All except Parker were arraigned before Judge Hough, in the United States District Court, and pleaded not guilty. Parker is understood to be on the way here from Seattle to surrender himself.

President Wilson was held in $25,000 bail, Tompkins and Bogart in $10,000 each and the others in $5,000 each. On the first charge all were paroled for one week and on the second charge they were given two days in which to find bail. They have permission to withdraw their plea of not guilty on or before September 20th.

The company has outstanding $20,000,000 worth of common and preferred stock. The indictment gives a long list of statements about this stock sent out by the management which the indictment charges were wholly false and concludes: "It was part of the scheme of said defendant to sell their personal stock, pretending the same to be treasury stock and the reason the stock sold was made nontransferrable for two years was to keep the stock off the market."

Wilson Defies Trouble.

New York, August 3.—Christopher Columbus Wilson, president of the United Wireless Company, who was indicted this afternoon on two counts of conspiracy to defraud, appeared at City Hall tonight long after hours and took out a marriage license. He gave his age as 64, and the bride gave her's as 19. She says she is Stella Lewis, a stenographer.

In reply to a question from a clerk she smiled and answered: "I think we will be married tonight."

FIGHTING IN HONDURAS.

War Being Waged in South American Country—More Outbreaks.

New Orleans, Aug. 3.—Severe fighting in the interior of Honduras last Thursday and Friday and a general air of expectancy on the part of Honduran officials, who fear further outbreaks, was reported here today by the crew of the steamer Corinto. The Corinto cleared from Ceiba last Friday night.

According to the advices brought by the Corinto government troops are still patrolling the streets of Ceiba and country surrounding. It was stated that a British cruiser arrived in the harbor of Ceiba late Friday to investigate the killing of a negro who was reported to be a British subject. This ship is believed to have been the Scylla which was last reported as searching for Manuel Bonilla.

Late Friday reports reached Ceiba that there had been severe fighting for two days in the interior and that a comparatively heavy casualty list was reported by both the revolutionists and the government troops. The crew of the Corinto said that the government officials had been much disturbed, apparently by the report that Gen. Gabe Conrad and Gen. Lee Chrismas, American soldiers of fortune, who have participated in many fights in Central America, had joined the revolutionists.

EMPLOYES SENT TO JAIL

In Order That Los Angeles Company Might Make Test Case.

Los Angeles, Cal., Aug. 3.—The electric light and power companies of Los Angeles have determined to test in the courts the recently enacted city ordinance fixing the rate per kilowatt hour at seven cents instead of nine cents and yesterday allowed two employes to be sent to jail in default of bond for alleged violations of the law.

The attorneys for the companies announced that a test would be made in these cases and that they would sue for writs of habeas corpus.

The law not only reduced the cost of heat and lighting but made other strict regulations. One of the men arrested was accused of violating the law by charging patrons for installing incandescent lights in houses.

LANGFORD AND JOHNSON

Champion Must Fight Him or Get Out of Country.

New York, Aug. 3.—"Jack Johnson will have to fight Langford or get out of this country," is the latest statement from Joseph Woodman, Langford's manager. Woodman, who is in New York, declares that a forfeit and side bet of $20,000 will be posted inside of the next five days in behalf of Langford and adds that unless Johnson covers the money binding the match inside of twenty days, Langford will lay claim to his title.

Joseph Hughes, a wealthy member of the Fairmont Athletic Club, is Langford's backer. He asserts his confidence that Langford can whip the champion in 20 rounds or less.

CLOSE OF BITTER TENNESSEE FIGHT

Both Sides Claiming Victory in Battle of Ballots Today.

PATTERSON STUMPED STATE

Charges Made of Vicious Character—To Fill Seats on Bench of Supreme Court and Court of Civil Appeals.

Memphis, Tenn., Aug. 3.—One of the most bitter and exciting campaigns in the history of Tennessee, was brought to a close tonight and the respective candidates for seats on the bench of the Supreme Court and Court of Civil Appeals now await the verdict of the voters tomorrow.

Charges and counter-charges of the most vicious character have been flung into the camps of the contestants. Governor Patterson has stumped the State for the regular Democratic nominees, while Attorney General Charles T. Gates, Railroad Commissioner Enloe, General Harvey Hannah and other well known political leaders have made a whirlwind campaign for the independent ticket. This latter ticket has been endorsed by the Republican organization.

Both sides are claiming certain victory and no result can conservatively be vouchsafed until the ballots are counted.

The principal feature of the campaign in this judicial election has been the interjection of Governor Patterson's official record. The pardoning of Col. Duncan B. Cooper for the killing of Senator Carmack has been used as an argument against the regular nominees.

The Governor and his friends promptly accepted the guage thrown at him and have defended his official acts.

Governor Patterson has been nominated for a third term by the regular Democrats, but the election for this office will not come up until next November.

AFFAIRS IN RALEIGH.

New Norfolk & Southern Train—Charter—The Wyatt Monument.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 3.—Official notice from the management of the Norfolk & Southern Railway Co., comes to the Corporation Commission that beginning August 5th the Norfolk & Southern will operate a new passenger train that is to leave Washington, N. C., at 7 A. M. and arrive at Raleigh at 11:25 A. M. and then leave Raleigh for Washington at 3 P. M., this giving the people of that territory opportunity to spend three hours and 35 minutes in the Capital City and making the trip within convenient hours, and the letter from the management to the Commission indicates that it is experimental with a view to ascertaining whether there will be patronage to justify this additional service.

The Hambly Manufacturing Co., of Salisbury, receives a charter for the manufacture of damask table coverings, and all kinds of textile goods. The capital is $125,000 authorized and $9,700 paid in by D. L. Arey, C. C. Adams, T. B. Marsh, G. F. Hambly and others.

Steps are being taken to have the statue of Wyatt, first to fall in the Civil war, and a North Carolina hero, ready for the unveiling in Capital Square next June on the fiftieth anniversary of his death. The committee headed by Senator J. C. Bassett is now passing upon a number of models that have been prepared by competing sculptors.

GALVESTON AUTO RACES.

Events Witnessed by 15,000 Spectators Yesterday—Contestants.

Galveston, Texas, August 3.—Fifteen thousand spectators saw the inauguration today of the three days' automobile races, which began over the beach track. While no records were broken, excellent time in the four events were made. The races are held under the rules and with the sanction of the contest board of the American Automobile Association. Summary:

50 mile, free for all—Johnson (Chadwick, 60), won. Time, 42:56 4-5; DeWit (Buick, 16 B), second; Brinker (Interstate, 40), third.

30 miles, stripped stock cassis, 301 to 450 cubic inches displacement—Munn (National, 40), won. Time, 27.57 3-5. Sundin (National), second; Brinker (Interstae), third.

20 miles, stripped, stock chassis, 231 to 300 cubic inches piston displacement—Carrol (Marion Bob Cat), won. Time, 21:52; Plummer (Marion Bob Cat), second.

20 miles, stripped, stock chassis, 161 to 230 cubic inches piston displacement, six entrants—Petit (Buick "2"), won. Time, 21:42 2-5. DeWit (Buick "1"), second. Five events are on the programme for Thursday, including a mile trial for the beach track record.

Parkersburg, W. Va., Aug. 3.—That former Judge A. Watson, who was found dead on his front door step last Friday morning was murdered by styrchnine poison wa sthe vedict of a coroner's jury returned tonight. The jury held that Judge Watson was murdered by a person or persons unknown.

THE WORLD OF SPORTS

RACING — BASEBALL — BOXING

ELEVEN INNINGS AT WILSON

Grandest Game Seen There This Season—Sartor Flinger and Outfielder Showed Up Well. The Score.

Resuts Yesterday.

Fayetteville 1; Raleigh 4.
Wilson 2; Wilmington 1.
Goldsboro 4; Rocky Mount 4.

Where They Play Today.

Wilson at Raleigh.
Fayetteville at Rocky Mount.
Goldsboro at Wilmington.

(Special Star Telegram.)

Wilson, N. C., August 3.—It was a pitchers' battle in an eleven-inning game this afternoon between Foreman and Fletcher, Wilmington's new big league pitcher, who knows how to extricate himself from deep holes. Each of these excellent twirlers yielded very few hits, which were kept scattered until Wilson went to bat in the eleventh inning, when, on McMehan's two-bagger, an error of Cooper and a two-sacker by Miller, the score was 2 to 1 in favor of the Champions.

Features were Stewart's fine fielding, Hoffman's sensational catch of Stewart's long drive to deep center, and Pap Westlake's fine pegging. It was undoubtedly the grandest game on the Wilson diamond this season. The story follows:

The Tabulated Score.

Wilmington	AB	R	H	O	A	E

NATIONAL LEAGUE.

Boston, August 3.—Boston broke its losing streak by winning a double-header from Cincinati today, the first game 5 to 4 and the second 5 to 0. Bunched hits won both games.

Score: R. H. E.
Cincinnati .....000 022 000—4 7 0
Boston .....000 101 30*—5 9 2

Batteries: Suggs and McLean; Frock, Curtis and Graham. Time, 1:38. Umpires, Rigler and Emslie.

Second game: R. H. E.
Cincinnati .....000 000 000—0 4 5
Boston .....104 000 00*—5 9 2

Batteries: Burns, Gasper and Clarke; Mattern and Smith. Time, 1:40. Umpires, Rigler and Emslie.

Philadelphia, August 3. — Pittsburg won both games of today's double-header here. In the first game Philadelphia's errors proved costly, while in the second game Pittsburg bunched hits to better effect than the home team. Magee's batting was the feature. In eight trips to the plate in he two he made a home bagger, a three-bagger, two two-baggers and a single, and was hit by a passed ball.

Score: R. H. E.
Pittsburg .....002 010 100—4 6 0
Philadelphia ....000 100 000—1 9 3

Batteries: Leifield and Gibson; Moren and Dooin. Time, 1:30. Umpires, O'Day and Brennan.

Second game: R. H. E.
Pittsburg .....020 003 000—5 10 1
Philadelphia ....000 003 010—4 10 2

Batteries: Phillipi, Camnitz and Gibson; Ewing and Moran. Time, 1:49. Umpires, Brennan and O'Day.

Brooklyn, August 3.—After using three pitchers, who were wild and ineffective, Manager Bresnahan discarded his mask and protector in disgust and went into the box himself. He had control, but was batted freely, fast fielding saving him. Brooklyn made it three straight, although Scanlon had to go to the rescue of Crable, a left-hander, recently secured from Galveston, who also was wild.

Score: R. H. E.
St. Louis .....020 001 000—3 6 3
Brooklyn .....100 121 00*—5 9 0

Batteries: Zmich, Bachman, Geyer, Bresnahan and Phelps; Crable, Scanlon and Bergen. Time, 2:23. Umpires, Eason and Johnstone.

New York, August 3.—With Pfeister pitching, Chicago today defeated New York, 3 to 0. The Cub Southpaw, while not as effective as Wiltse, was steadier and received superior support. Tinkers and Evers each made sensational stops. The New York outfielders, both Murray and Seymour, having more putouts than Merkle, New York's first baseman.

Score: R. H. E.
Chicago .....000 020 100—3 6 0
New York .....000 000 000—0 7 2

Batteries: Pfeister and Archer; Wiltse and Meyers. Time, 1:40. Umpires, Klem and Kane.

Mr. Blue Respectfully Declines.

Mr. Luther A. Blue, of this city, asks the indulgence of his friends and the general public to say that the appearance of his name on the Republican ticket in Tuesday's primaries was wholly without his knowledge or authority; that he has never voted the Republican ticket or affiliated with the Republican party.

RALEIGH WINS THE THIRD

Red Birds Again Defeated the Kilties at Durham—Johnson Did Great Work for His Team—The Score.

(Special Star Telegram.)

Durham, N. C., August 3.—The Red Birds, with Jobson in the box, administered the third straight licking to Fayetteville. Jobson knocked a home run, but as he failed to touch second base, he was out, and only got credit for a single.

Fayetteville scored the first tally on a double and a single. Raleigh followed by making two on a walk, a steal, a single, an error and a single, and the other two more scored in the ninth, when Simmons put them across with a three-bagger. Fast work by both teams made the game highly interesting.

FEATURE OF POSTAL BANKS.

Central Clearing House in Each State Will Be Recommended.

Washington, August 3.—A central clearing house in each State, for the purpose of settling all matters connected with the payment of interest and the care of accounts, is a feature of the Postal Savings Bank system adopted by the committee of officials that will make recommendations to the board of trustees. For a long time the committee faced the necessity of providing some method for the settlement of accounts of depositors in the Postal Banks that would avoid delay incident to the transmission of all such matters to this city. The idea of having state central clearing houses was discussed at length, and has been adopted as the best solution of that problem.

Postmaster General Hitchcock, who arrived in New York yesterday from his European trip, is expected here tomorrow. In a short time a meeting of the board of trustees of the Postal Savings Bank fund will be arranged, when the recommendations of the committee on organization will be reviewed.

SHERIFF'S SLAYER CAUGHT.

Negro Who Killed Dunn at Toledo—Excitement Runs High.

Monroe, Mich., Aug. 3.—It is thought here tonight that the police now have in custody the slayer of Sheriff Dull who died in Toledo this morning the victim of a negro's bullet. William Harris, the negro arrested by a farmer today, is the man against whom suspicion rests most strong tonight. He was positively identified by Conductor Edward Grau, of the Pere Marquette Railroad, and three of Grau's train crew as the man whom Sheriff Dull was seeking for an alleged assault on Grau's train when the officer received the fatal shot. Travis Wilson, the colored man arrested in Flint yesterday in connection with the case is still in custody, but it is thought his release will be ordered soon. Excitement continues to run high.

PLAYED TO A STANDSTILL

Rocky Mount and Goldsboro Unable to Break Tie of Four to Four—Pounded the Ball Hard. The Score.

(Specia Star Telegram.)

Goldsboro, N. C., August 3.—Goldsboro and Rocky Mount fought for eleven innings today, but neither side was able to break the tie. Rocky Mount found Webb for five hits in the sixth, which netted four runs, enough to tie the score.

Gunderson succeeded him, and the scoring ceased. The Giants pounded the pill for 13 hits, yet could make them yield but four lonely runs. Morgan and Brown again starred in their fielding and also at the bat. Handiboe was the batting feature, having secured three safeties. Rocky Mount's manager joined the Railroaders here today.

THE VATICAN RUPTURE

Situation at Madrid and Rome—The Strained Relations.

Madrid, Aug. 3.—Field Marshall Lopez Dominguez, who is ex-president of the Senate and ex-premier, in an interview today said that he would support Premier Canalejas in his struggle for religious reforms, but he doubted the success of the movement on account of the immense power of the clergy and their influence over the women, who, he declared, are completely under the domination of their confessors.

"The openness with which Premier Canalejas is conducting the campaign" said the field marshal, "is one of the best features of the situation. He wants Spain and the world to know what he is doing. If he succeeds he will have rendered an immense service to Spain."

Rome, Aug. 3.—The note which Cardinal Merry Del Val, the papal secretary of state, is preparing in answer to Premier Canalejas will be submitted to the congregation of extraordinary affairs. The contents of the note will be kept strictly secret, the Holy See not wishing to follow the procedure of the Spainsh Premier in making it public prrior to its receipt by the Premier.

The Giornale d'Italia publishes an interview with Cardinal Vincenze Vannutelli, who describes Premier Canalejas as "A terrible man, adding that it is impossible tnat King Alfonso approves him anti-clerica. policy.

Cardinal Vannutelli points out that the King is a fervent Catholic by sentiment and tradition, but that he is to young to grapple with the situation and must be seriously embarrassed. Heads that the Spanish people themselves disapprove of the policy of the Premier, as shown by the attitude of tne people of Bilbao and other important places.

ILLINOIS BRIBERY TRIAL.

Argument Regarding Second Trial of Brown Completed.

Chicago, Aug. 3.—Technical arguments upon the question of jurisdiction in the second trial of Lee O'Neil Browne, legislative minority leader charged with bribery, were completed here today. Judge Kersten will hand down his decision in the matter tomorrow morning. Browne's lawyers declare the Cook county criminal court lacks jurisdiction in the alleged bribery case. Judge McSurely during the first trial of Browne heard practically the same arguments presented to Judge Kersten and ruled adversely to the defense.

MORNING STAR

Published by the
MINGTON STAR COMPANY (Inc.)
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Thursday, August 4th, 1910.

Secretary Ballinger is about as slow as any man possibly can be in reaching the conclusion that his resignation is in order.

A Republican Senator from Iowa says Aldrich and Cannon are traitors to their party and the people. In this case it is not necessary for any Democratic witnesses to be called for the prosecution.

If the New York Republicans nominate Pinchot for Governor that will be another reason why Secretary Ballinger should have resigned long before the campaign opened. It would be a rebuke to President Taft for firing Pinchot and sticking to Ballinger.

Judge Pritchard is having trouble with a defiant woman who refuses to obey one of his injunctions. He intends to hail her into court for contempt and it goes without saying that as a feminine "anti-injunction" recruit she is ready to treat the court with more contempt, if that is what the court wants her for.

In this late day a contemporary renews the proposition that "the office should seek the man." The average man who would get an office by letting it seek him would have about as much show for it as a Republican in Texas. Even the tariff beneficiaries have to seek for protection, subscribe to the campaign fund and get what they want by inducing their friends to seek election to Congress.

President Taft has canceled his Western and Southern engagements and announced that his "speeches for the future will be few and far between." The South is always glad to see any President, but those Western people are decidedly touchy when a President comes along and tries to make them believe that the Aldrich-Payne-Smoot tariff act is "the best the country ever had." They hate to listen to a speech that makes them want to laugh at the speaker.

No doubt the Republican party feels like spanking the impolite Grand Army of the Republic posts for protesting against the statue of General Robert E. Lee in the Hall of Fame in the Capitol at Washington. The G. A. R. should have known enough to lay low during a campaign in which the Republican party expects Southern men to desert the party of Lee for the party which Lee would not belong to if he were in the land of the living. The Southerners thought the War was over till the G. A. R. began to mobilize in the face of the present political campaign.

It is said that a big fight is to be made by the Old Liners to down Morehead in the Republican county convention at Durham on Saturday, and the Charlotte Chronicle notes that if Morehead wins "it will almost signify his final victory in the State convention in Greensboro." We have long ago ceased to have any doubt whatsoever that Morehead and Marion Butler will capture the Republican organization in North Carolina. Hence, the Democratic party may as well prepare to wage a political battle with men more adroit than have ever heretofore led the Republican party—the same party which President Taft told it to its face that it was intollerable and subsequently proved that he meant what he said by ignoring North Carolina Republicanism when he appointed the Democratic Judge Connor to a Federal Judgeship. The curious part of it is that North Carolina Republicanism took the Taft kick, meekly permitted him to rub it in, and continues to lick the Taft hand which smote them with a swat which left a black place that was observed all over the Republic. The fact is, it is funny.

COTTON AND PROSPERITY.

According to the bulletin issued by the reporting board of the Department of Agriculture at Washington on Tuesday, the average condition of the cotton crop on July 25th, was 75.5 per cent of a normal crop. The North Carolina average for the 1910 crop was 71 against a ten year average of 80. The South Carolina average is 70 against 80. The lowest average, 69, is reported from Louisiana while Texas the largest producer of all the Cotton States, is credited with a percentage of 82 compared with a ten year average of 79. A study of the general percentage of the 14 Cotton States at present indicates a condition very little short of the ten year average and if there is no deterioration of the crop the South this year will produce between 12 and 13 million bales. The prospects do not indicate a bumper crop but with Texas reporting a crop above the general average there may be a surprise in store about this year's production.

The Cotton States as now listed are Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Texas, Arkansas, Tennessee, Missouri, Oklahoma and California. California is one of the new Cotton States and the highest season's average, 98, is reported from that State, with the next highest from Oklahoma which promises to rank as one of the biggest of the cotton producing sections. A very fine grade of cotton is produced in Southern California, but as the cultivation of cotton has only been undertaken there in recent years, no ten year average is reported for that State. The crop production is yet small in that State.

Should the prospects for the cotton crop improove over what they are at present, the farmers in the Carolinas will congratulate themselves that they have paid more than usual attention to corn production and further diversification of their crops. When such States as Texas, Oklahoma, Louisiana, Mississippi and Arkansas produce a fairly average crop we may as well expect a production that the Bears will use for lowering prices. Last season the cotton crop in the big cotton producing States was short and the production was small all ver the cotton belt, as might have been expected, but with a good crop this year our farmers may as well look for lower prices than those for the last crop.

The fact is, the Bears and the consumers of cotton, both in this country and among foreign takers of our cotton, are engaged in efforts that they hope will considerably lessen the price for the benefit of the mills and speculators who stake their money on low price options. The curtailment of operations on the part of cotton manufacturers in the South, at the North and in Europe is part of a plan to get cheaper cotton in anticipation of a production considerably in excess of that of last year. The cotton mills in the South and the North have been running a while and shutting down a while, and only in yesterday's Star appeared a dispatch from Manchester, N. H., announcing that 17 cotton mills of the Amoskeag Corporation will be shut down on August 26th till September 12th. That company, the dispatch goes on to say, in common with other cotton manufacturing concerns, has been curtailing output since Spring. The closing down of the Amoskeag mills will throw 15,500 operatives out of employment, but that is not a drop in the bucket compared with the thousands of mill hands in the South and North who are idle or who have been doing nothing a large part of the time for a year.

This apparently has given the cotton milling industry a black eye and certainly has caused great distress to the people who make their living in the cotton factories. The depression in the cotton milling business, in spite of the promise of prosperity by the Republican party, has been serious for those who have their money invested and especially so for the wage earners. A generous soil and fair seasons, fortunately have yielded a competency if not prosperity for the farmers who do not have to depend upon specious and absurd political guarantees of prosperity. When people learn that the average man's prosperity does not depend upon any political party on earth they will begin to know a thing or two.

A New York Republican paper inquires: "Why do insurgents never throw stones at Democrats?" For the simple reason that they do not care to waste any stones on tthe innocent bystanders. They are trying to hit the guilty and not the party which stands for the right.

Make hay while the sun shines. All the hay that a farmer can raise himself or save from nature's own production will keep some of his money at home instead of its being sent West for hay that cannot be raised any cheaper than we can produce it right in North Carolina.

About the time that conditions in Spain looked decidedly squally, King Alphonso paid a visit to England. Doubtless he considered that if he had to keep in touch with his wife's relations it would be less disagreeable to pay them a visit now than to take chances on trouble in Spain.

BALLINGER'S OBTUSENESS.

Speaking of cabinet etiquette, it involves amenities of which Secretary Ballinger evidently does not know the rules. The Secretary of the Interior really seems obtuse, and is entirely oblivious to the hint that it is time for him to take his hat and go. It happens quite often that a guest can distinguish between a welcome and a frigid hospitality, and recognizes the moment when his society is not as agreeable as his absence. There are times when a person's reception and stay get such a frost that his comprehensibility dictates to him that he should take his departure without being asked to get out.

After reading the dispatch from Beverly, Mass., August 2, Secretary Ballinger made a display of unsophistication that is unworthy of a man who is supposed to have the ability to occupya place in the President's Cabinet. The Secretary of the Interior certainly is not capable of reading between the lines, or else he could have been led up gently to the comprehension that if he were to resign of his own free will and accord, without being kicked out, it might cause the President a measure of personal regret, but at the same time be the source of a great deal of political satisfaction. He might have inferred from that Beverly dispatch, mentioning it in a roundabout way, how embarrassing is his presence in the Cabinet of the President while he is endeavoring to shoulder the responsibility of the Republican campaign.

Throughout the whole of that dispatch there were the strongest kind of hints that Ballinger is too big a load for the political dynamo to carry, and while the statement was made that the President was neither seeking his resignation nor hinting at it by reason of its delicacy as a political family matter, a man with a little intuition and some introspection might have come to the conclusion that the subject matter did not come from the President directly, but was inspired so delicately that even an amateur could take the hint. No one can read that dispatch without seeing all through it that the President now considers that Ballinger's presence in the Cabinet is a handicap to the President's campaign and that if he were to resign it would relieve a lot of distress. Nevertheless, Secretary Ballinger, after having been shown the dispatch in Chicago, didn't "tumble to the racket," but railed out on his enemies, hooted at any resignation, and assumed a defiant attitude, clinching it with this declaration: "All this vicious attack by unscrupuous men, backed by newspapers even less scrupulous, goes off my back like water off a duck's back. That never will induce me to resign."

Verly the President has a load which he cannot dump with the racility exercised by a tired man when he makes up his mind to shirk his burden. In failing earlier to observe that Ballinger's retention in the Cabinet would weaken confidence in his Administration, the President displayed a lack of political sententiousness, or, believing in the vindication of his friend, he displays that noble trait of fidelity that 'maketh a friend stick closer than a brother," even to his political undoing. However, Secretary Ballinger surely is dull of comprehension and obstinately neglectful of his opportunity to resign in order to give his undivided attention to his large personal interests, the neglect of which is too great a sacrifice for him to make by remaining in the Cabinet any longer.

INEXCUSABLE BUTCHERY.

We hate to believe that horrible story which comes from Texas concerning the slaughter of negroes by a mob of whites. It is true that the first reports were greatly exaggerated, but, of course, it was monstrous, with all the facts reduced to the minimum. It is now said that the size of the mob was composed of only 15 rowdies, and that they killed "only eight negroes." There may have been more cause for this outrage than has yet been made known, but it is said that the action of the mob was without just provocation. If that is true it is not only a shame on Texas, but it furnishes an instance of savagery that is not at all peculiar to the South, in which most troubles of the kind have not been the result of bloodthirstiness or race hatred such as was displayed by the Texas ruffians.

We would feel less shame over the Texas affair if it yet transpires that there was more excuse for it than now appears. Our people have shuddered at the atrocities committed against the Jews in Russia, but it is hoped we are not to witness such slaughters in this country, even on a small scale. There is more reason than ever why white people and black people should respect and obey the laws in order to forestall the growth of lawlessness and its consequent evolution into anarchy and massacre, a sure indication of a lack of civilization, or its deterioration instead of progress. The future indeed would be gloomy if there are to be many repetitions of the Texas rioting, which had to be suppressed by calling out State troops.

The North Carolina Democratic newspapers which in off years express a desire to see a "strong Republican party" in North Ctrolina are now expected to do their best in order to weaken that party all they can.

Next Wednesday Greensboro will outrival all North Carolina cities for the kind of publicity it will secure. The G. O. P. State Convention will meet and the interest in it centers particularly in how big the row is going to be.

It has been figured out that rats consume $100,000,000 worth of food in the United States every year. The ladies spend more than that for "rats," so there would be a big saving if there were any way to get rid of rats of every description.

Associated Press dispatches yesterday noted the "flights from Venezuela of prominent Venezuelans." In view of a large lack of tranquility in that turbulent country, it must not be inferred that the Venezuelans who have taken their flight are aviators.

CURRENT COMMENT.

Secretary Ballinger's statement that the "President and I have done all we could to make this administration a success" is the best evidence yet at hand to show why it has been a failure.—Richmond Virginian.

If it is true that Mr. Morehead wants to be State chairman but does not want to run for Congress, he is about the first politician to be willing to give up an office with a salary attached to it for one that is merely honorary.—Durham Herald.

Once in a month or two Wilmington wakes up and sends a man to the roads for selling liquor. From what has been said about the place, we have been inclined to the belief that Wilmington was not bothering about such things.—Greensboro Record.

The Democratic State executive committee has undertaken to straighten out the tangle in the sixth congressional district. In its deliberations it will doubtless bear in mind Mr. Godwin's declaration of his entire independence of its action.—Charlotte Chronicle.

The Hon. E. Spencer Blackburn, it is said, is back in Watauga county, having decided to leave Oklahoma, where he migrated a few years ago. If true that he is again a native of this State, he may be expected to be on hand when the Republican State convention meets on the 10th. Wonder who he is for—Morehead or Duncan?—Greensboro Record.

Those people who are taking out a government license to distill brandy in this State had better have a care. We are no lawyer, but our recollection is that while the prohibition law permits the wine press in the eastern counties, it absolutely prohibits the still in the western counties. It is possible, but not probable, that the lawyers have found a hole in the law. — Charlotte Chronicle.

Your Uncle Jud Harmon realizes that he is running against the Republican administration in Washington, that he is rowing against Taft for President as well as against Taft's man for Governor. But he is not disturbed. He still wears his winsome smile and has not applied for admission into the Don't Worry Club, for he has no need for such association. He lets the Republicans do the worrying. Uncle Jud has been in politics before and he has formed the habit of winning. It is said that he is one of the brightest politicians in the Buckeye State, and he was born for luck. Things seem to come his way without the asking.—Richmond Virginian.

It was a pleasure to again see the face of Governor Jarvis in Greensboro today. He looks much like he did 34 years ago when he was chasing "Bill" Smith around the woods, both being candidates for lieutenant-governor. Smith, who was president of the North Carolina Railroad, was supposed to be a terror; he bulldozed and blackguarded every man he met—if he could. He tried it—just once—on Jarvis, but he quit. The first attempt was such a failure that Smith got cold feet and was ever afterwards afraid to meet Jarvis.—Greensboro Record.

WHITEVILLE HAPPENINGS.

Representative Butler Not to Run—Teachers—Dr. Strosnider.

(Special Star Correspondence.)

Whiteville, N. C., Aug. 3.—Hon. J. G. Buter was in Whitevile this week, and while urged by his people to serve them again in the Legislature, declined to do so, his personal interest not permitting the sacrifice. He would be elected without opposition. Mr. Butler has served two terms in the general assembly, and a better representative the pople never had. Mr. Butler always worked for the interest of his people.

The Teachers' Institute which opened Monday is well attended, about 60 teachers being present. Professor Highsmith, of Wake Forest, and Miss Fulghum, of Goldsboro Graded School, are in charge. The colored teachers are also in session and are under the instruction of Dr. C. Dillard and wife, of Goldsboro.

Dr. C. F. Strosnider, of Raleigh, was in Whiteville Tuesday morning, and delivered a lecture on hygiene hookworm diseases, and also devoted a part of his lecture to water, a subject that is being very much discussed now in our county.

BIG EXCURSION ON A. C. L.

Record Breaking Crowds Handled Through Rocky Mount.

(Special Star Correspondence.)

Rocky Mount, N. C., Aug. 3.—Yesterday was certainly a record-breaker for excursions over the Atlantic Coast Line. Seventeen cars filled to overflowing with white and colored excursionists were carried into the capital of the Old Dominion yesterday afternoon for a two days stay. The train was operated along the lines of the company in North Carolina and included a special from the Spring Hope branch. There was a total of 971 paid fares on the train. While this train was operated into Richmond in one section the Atlantic Coast Line has planned to have it operated in two sections on the return trip tonight. This is perhaps as large a long distance excursion haul as the Atlantic Coast Line has had in the past several years.

RALEIGH'S UNION STATION.

Citizens Win Before Corporation Commission—Col. Thos. S. Kenan.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 3.—The petitioning citizens of Raleigh win in their fight for additional improvements in the Raleigh union passenger station. The Corporation Commission ordered today that in addition to the extensive improvements underway involving some $15,000, that there shall be enlargements of the ladies' parlor and gentlemen's smoking room and that, furthermore, the spacious concourse extending the width of the car sheds and about 50 feet wide shall be enclosed with glass properly adjusted for light and ventilation and so that it can be removed in Summer if necessary, and that this be also equipped for heating in Winter.

This will practically double the waiting room capacity of the station. James H. Pou, as counsel for the railroad companies, says that there will be an appeal to the courts.

Friends throughout the State will be glad to learn that Col. Thomas S. Kenan, who has served so long and so efficiently as clerk of the North Carolina Supreme Court, and who has been in failing health for several months, is improving considerably now at Saratoga where he has been with Mrs. Kenan for several weeks. He hopes to be fully equal to the resumption of his official duties when court convenes the last Monday in August.

Life on Panama Canal

has had one frightful drawback-malaria trouble—that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fail to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lucama, N. C., "and I've had good health ever since." Cure stomach, liver, and kidney troubles, and prevent typhoid. 50c. Guaranteed by Robt. R. Bellamy.

IMFROVED FACILITIES AT PORT

Automatic Elevator Installed by Springer Coal Company and More Storage Capacity Provided—Handle Largest Vessels.

A rapid discharging automatic elevator to handle the larger class of schooners which bring cargoes of coal throughout the season, is being installed by the Springer Coal Company, together with more storage capacity, which will markedly improve the facilities of this enterprising firm and be of material advantage to the port.

The new elevator with the rapid conveyers will be in readiness for operation within the next 30 days and in ample time to take care of the schooners consigned to the company, which will begin arriving during the latter part of the month. With the new elevator the company will be enabled to discharge from 350 to 400 tons per day, whereas at the present time only 200 tons can be discharged. The work of placing the new elevator and providing more storage room is in progress at the present time.

The Springer Coal Company receives from ten to fifteen large sailing vessels from northern ports every season with cargoes of coal, which are discharged at their yards at the foot of Chesnut street, these in addition to heavy railroad shipments. With the improvements the average large schooner, which brings everywhere from 1,500 to 2,000 tons of coal, will be ready to clear within four days after arrival.

Considerable more storage capacity will be provided, which is made absolutely necessary, on account of the many large interior shipments made during the rush season by the company. In the matter of discharging cargoes the improvement of this company will put Wilmington in a class with other large Southern ports in the way of rapidly handling the larger class of schooners.

THE RECORDER'S COURT.

Several Cases of Interest Were Heard Yesterday Morning.

Recorder John J. Furlong presided over yesterday's session of the Recorder's court. A number of cases, some of interest, were tried. Jim Register, a white man, apparently about 30 years old, was given hearing on the charge of stealing two bicycles, the property of the Queen City Cycle Company. It was in evidence that Register sold one of the bicycles to a man by the name of Rivenbark and the other to a man named Blanton, both of Pender county, for $8 and $14, respectively. L. Clayton Grant, Esq., represented the defendant while E. L. Larkins, Esq., appeared for the prosecution. The Recorder found the defendant guilty and sentenced him to six months on the roads in each case. An appeal to Superior Court was taken and in default of $300 bond, the defendant went to jail.

Eugene Brown, colored, arrested Tuesday morning after an exciting chase on the charge of stealing a can of lard from the store of King Bros., Ninth and Walnut, was given hearing. The evidence was to the effect that a can of lard was stolen from the store Tuesday morning and that Brown, who was in a crowd, was later found in possession of the stolen property. Health Officer J. C. Vereen stated yesterday that he was the one who fired the shots at the negro and was the first to get to him. The Recorder found the defendant guilty and sentenced him to 12 months on the roads.

A case against Moses Jones, colored, charged with obtaining $2.50 under false pretense, sent up from Justice Gerrit Walker's court in Harnett township, was continued until today.

GREATER WILMINGTON.

Southern Map Company Prepares Map Showing Suburban Development.

The Southern Map Company has just completed a most comprehensive drawing for the Tidewater Power Company showing the recent wonderful development in a suburban way around Wilmington. The map covers the lines of the Tidewater company and shows interestingly and in small compass just what has been accomplished within recent years. It is a very creditable piece of work and is the product of Mr. H. deW. Rapalje, at the head of the Southern Map Company. The location of Wilmington with reference to the river, Hilton, Navassa and other established points on the west while on the east may be seen Carolina Heights, Carolina Place, Delgado, the golf links, baseball park and last but by no means least. Wrightsville Beach and Sound, Greenville, Winter Park and other places where the development recently has been marked.

—Justice Bornemann announced yesterday that when he organized the Glee Club it was for the purpose of aiding all church organizations and that tonight his club will render selections on the steamer Wilmington, the occasion being the excursion of the Christian Church.

The biggest display ever shown in this city at the Red Cross Tailoring Co. **

BUILDS UP THE THIN AND WEAK.

Samose Makes Thin People Fat, or J. Hicks Bunting Will Return Money.

In Samose are combined flesh-giving food elements that soon produce a steady and noticeable gain in flesh. Taken after meals, Samose mingles with the food, and causes it to be assimilated so that the fat producing elements are retained in the system, and you will soon get good flesh, steady nerves and a healthy body.

J. Hicks Bunting Drug Co. have seen such remarkable results they offer to pay for the treatment if it does not make think people plump and rosy.

You run no risk whatever in buying Samose; it is a true flesh-forming food and is sold under the guarantee of one of the most reputable business houses in Wilmington to refund the money if it does not give complete satisfaction.

Sent postpaid on receipt of price, 50c.

SUPERIOR COURT ADJOURNS

Judge H. W. Whedbee Left Last Night For His Home in Greenville—Verdict in Love Case Not Disturbed. —The Docket Called.

Having disposed of all the cases, both criminal and civil, ready for trial at this term of Superior Court, which has been in session here since Monday, July 25th, adjourned at 6 o'clock yesterdayafternoon, and Judge H. W. Whedbee left on the 7 o'clock train for his home at Greenville, to spend the remainder of the week. There was one jury trial yesterday, but the day, for the most part, was devoted to calling over the docket, hearing motions and signing judgments.

Just before court adjourned for the term Thomas W. Davis, Esq., of counsel for the defendant in the case of J. W. Holmes against Dr. L. H. Love, in which the jury Tuesday afternoon awarded damages in favor of the plaintiff for $5,000, lodged a motion to set aside the verdict. His remarks were supplemented by Hon. John D. Bellamy, also of counsel for the defendant, who stated in course of his argument that he would not have been surprised at a verdict of $1,000 or $2,000 in favor of the plaintiff, but the verdict of $5,000 was excessive. He stated that it appeared certain that the plaintiff's shoulder was dislocated, but that the trouble could be remedied for about $500. He argued, as a matter of law, the verdict should be set aside. Judge Whedbee refused to disturb the verdict of the jury. There was no argument of counsel for the plaintiff, as Judge Whedbee ruled as soon as Mr. Bellamy concluded. It was rumored yesterday that counsel for the defendant attempted to effect a compromise by offering the plaintiff $1,000, which was refused by the plaintiff's counsel. This was not verified, however.

In the case of Chadbourn Lumber Company against R. H. Reville, the jury returned a verdict in favor of the plaintiff for $349.06. Kellum & Loughlin represented the plaintiff company, while Hon. John D. Bellamy appeared for the defendant.

In the case of Chadbourn Lumber Company against C. E. Parker and wife, Thomas J. Poe and wife and S. P. Cowan,sheriff of New Hanover county, judgment was given in favor of the plaintiff. The defendants excepted and appealed to Supreme Court. Twenty days is allowed the defendants to serve case on appeal, and the plaintiffs 20 days thereafter to file counter statement. This action was taken in order to have the point involved, relative to homestead exemption, passed upon by the Supreme Court, it having been before that tribunal before.

The appeal from the magistrate's court in the case of T. F. Johnson against Theodore Empie was dismissed, on the ground that the case had not been formally sent over from the lower court. Kellum & Loughlin appeared for the plaintiff, and Brooke G. Empie, Esq., for the defendant.

Entries were made in the following cases:

C. H. Keen et al., against City of Wilmington; judgment according to compromise.

J. E. Vathron et al., against H. Horowitz; judgment non-suit.

Gill-Herman Company against F. M. McKoy; continued.

Ralph Kennedy Market Company against Ralph Kennedy; continued.

Angola Lumber Company against J. D. Bellamy et al.; judgment non-suit as to J. D. Bellamy. Notice to issue to trustee to come in and make himself party plaintiff.

S. L. Smith & Son against James F. Woolvin; continued.

W. B. Savage et al. against W. M. Cumming; continued.

Alex. Sprunt & Son against C. C. May; continued.

Erie City Iron Works against Standard Supply Company; continued.

J. E. Mintz against Virginia-Carolina Chemical Company; time to file pleadings.

U. S. Candy Company against Crescent Candy Company; jury empaneled, but juror withdrawn and mistrial ordered; plaintiff allowed time to make new parties.

Buckeye Stove Company against E. P. Brock and Cape Fear Machine Works; referred to Arthur Cobb as referee.

R. W. Pippin against Imperial Life and Health Insurance Company; plaintiff failed to appear and judgment of non-suit was ordered by the court.

James McLaurin, administrator, against Thomas McLaurin; set for trial the second case at the next term.

Emanuel Dismond against Ocean Fisheries Company; continued for defendant and set peremptorily for trial first day of next term.

J. O. Brock against N. E. Gallagher; judgment.

G. W. Harrelson against Cape Fear Machine Works; continued.

H. L. Leonard against C. D. Gilbert; continued.

Angola Lumber Company against F. J. Gooding et al.; time to file pleadings.

Hall & Pearsall against W. H. Mills & Son; judgment.

Hattie M. Mahn et al. against H. M. Bowden; judgment.

Maria Hill against Billy Kersands Minstrels; judgment for dismissal.

City of Wilmington against Sarah A. Holmes against J. W. Telfair, executors of Louis Hollingsworth; judgment.

Charles S. Riley & Co. against W. T. Sears & Co., set for third case at next term of court.

C. E. Williams et al. against William Brittain et al.; judgment.

Annie H. Campbell et al. against James D. Campbell; order.

Judge Whedbee, just before adjournment, called the attention of the members of the bar to the fact that a case on the docket for two years and not tried, and no effort made to try it, goes to the foot of the docket. A number of the members of the bar stated that they were not acquainted with this rule.

CITY HEALTH BOARD MEETS

General Health Conditions of Wilmington Discussed—Recommend That All Foods on Display be Screened From Flies.

The City Board of Health was in session for more than an hour at the City Hall yesterday afternoon, Mayor Walter G. MacRae presiding and Dr. Joseph Akerman, city superintendent of health and secretary of the board; Dr. A. H. Harriss, City Engineer C. R. Humphreys and Mr. Joseph D. Smith in attendance.

The board discussed at length a number of matters pertaining to the health of the community and made one recommendation to the Board of Aldermen, towit, that all foodstuffs, including fruits and vegetables, on display in stores be screened. The meeting was called to order shortly after 4 o'clock by Mayor MacRae. After the reading of the minutes of the two previous meetings the reports of the health department for the month of July were read. There was much interest in the report relative to the number of cases of typhoid fever in Wilmington during the months of May, June and July. The complete report shows that there have been 85 cases of typhoid in the city since May 1st and during the months of June and July nine cases developed outside of the city. Probably some of the cases in May were contracted elsewhere, but there was no record as to this.

There were only three deaths during the months of June and July from fever contracted in Wilmington, which is considered a very low death rate indeed by the members of the Board of Health.

The report of Dr. Thos. B. Carroll, city meat and dairy inspector, to Dr. Akerman, superintendent of health, for July is as follows:

"During the month of July I made 63 inspections of dairies and dairy farms, also places where milk is sold. The sanitary conditions were all good with the exception of some of the cow lots which was due to the recent heavy rains. The general health of cattle and attendants were good.

"I have instructed the boys who pasture cattle in the neighborhood of 15th and 16th and Princess streets not to water their cattle in Macomber's ditch, on account of its pollution with sewerage, etc.

"I made 457 post examinations of slaughtered meats as follows: 109 cattle, 347 sheep. I condemned 12 head of cattle, the majority of it being country slaughtered."

The report of the health department proper was practically the same as made to the Board of Aldermen Monday night and given in The Star Tuesday morning. There were 55 deaths in July, 27 whites and 28 colored; 40 births, nine whites and 31 colored. Officers made 6,372 inspections of premises; 2,692 surface closets were ordered cleaned; 2,800 orders were issued for disinfectants and 330 orders were filled.

A supplementary report shows that during the month of June there were 34 cases of typhoid fever in Wilmington, 27 cases developing in Wilmington and four developing outside. There were no deaths in June from typhoid fever. In July there were 31 cases of typhoid in the city, 26 developing in Wilmington and five outside. There were three deaths from the cases developing in the city. In May there were 23 cases of typhoid in Wilmington, these being previously reported.

Mayor MacRae called the attention of the body to the unsanitary condition of premises in the block bounded by Front and Second and Dock and Orange streets, which has been a source of complaint, it was stated at the meeting, for many years. Recently the Mayor has taken several members of the Board of Aldermen to inspect these premises and they state that conditions are bad. In addition to the livery stables in the block there are a number of surface closets. No action was taken in the matter, but it is understood that the propery owners will be notified at once that they must put the premises in sanitary condition or suffer the consequences of the law.

The matter of screening foods offered for sale at the stores of the city was brought to the attention of the board by Dr. Harriss. He moved that the board recommend to the Aldermen the adoption of an ordinance requiring that all foodstuffs on display in the stores be screened. Seconded by City Engineer Humphreys, the motion carried without discussion.

Mr. R. C. Cantwell, superintendent of the waterworks, came in at this juncture and handed to Dr. Akerman the secretary, a letter from Dr. Shore, State Chemist, that he desired read relative to the water supply in Wilmington. The letter was read but Mr. Cantwell stated to the meeting that as it was not a public document he did not want it published in the newspapers. The letter was to the effect that with few exceptions the water analyzed from Wilmington showed up well, and that the analysis should show to the public what kind of water is furnished by the city. The letter, it might be stated, was in reply to a letter written by Mr. Cantwell asking the State chemist to put in simple English a statement of the water furnished by the city. Mr. Cantwell made a few remarks relative to the good water, after which he retired. Dr. Akerman stated that he had advised his patients not to use the city water unless it was boiled, and Dr. Harriss said that he had done the same thing, requesting that the water be boiled at least 20 minutes. They declared that they would continue to so advise their patients. Dr. Akerman stated that it appeared to him that the Commission should have issued a statement some time ago to the effect that in view of the fact that new pipes were being put down it would be advisable for all consumers to boil the water for a few months. Much criticism of the water supply might have thus been avoided. Dr. Akerman had no criticism to make of the Commission, but, as stated, did not consider the water good without being boiled, in view of the new water mains being put down. He also made it plain that he did not consider the water responsible for all the typhoid fever in the city this season, but stated that it was a possible source of some of it.

It was suggested by Mayor MacRae that the health officers should make an inspection of the ice plants, ice cream manufactories, soda fountains, and, in fact, everything where there is a possibility of contamination, and the other members of the board agreed with him.

The board adjourned shortly after 5 o'clock.

DESIRE STATION MOVED.

Bradley's Creek Citizens Petition the Corporation Commission.

A number of citizens residing in the vicinity of Bradley's Creek have filed with the North Carolina Corporation Commission, in Raleigh, a petition asking that the Tidewater Power Company be required to establish a station at the point where the suburban line intersects the Wrightsville turnpike, just beyond the present stop at Bradley's Creek, setting forth as their reasons that a change would make the station more accessible and convenient to the majority of persons living in that neighborhood. The idea of the petitioners, it is understood, is to have the Tidewater Power Company either remove the prsent station or erect a new one at the crossing above referred to. The automobilists of the county have also filed a petition with the commission calling the attention of that body to the possible danger to traffic along the turnpike from the crossing as it is at present. The crossing is at the bottom of a sink in the road, the tracks of the company being several feet below the level of the roadway, nd the petitioners hope to secure a change. The matters, it is stated, have been taken up with the Tidewater Power Company by the Corporation Commission.

SEVERAL CHARGES PREFERRED.

Moses Sessoms, Colored, Given Hearing Before Justice Bornemann.

Representing himself to be an agent of The Globe Company, it is charged that Moses Sessoms, colored, secured money from a number of negroes under false pretense. It is charged that he told the negroes he would sell them a barrel of flour for $3, 100 pounds of sugar for $1.75, and other goods at like prices. He was to make deliveries in seven days. At the end of that time the goods had not shown up, and warrants were issued for the negro, who appeared in Justice Bornemann's court yesterday morning. There are six cases against him, five charging false pretense, and the other larceny. The defendant, it is alleged, was left in the charge of a store during the absence of the proprietor, and he is charged with stealing money and a number of articles from the store. Justice Bornemann bound the defendant over to the Recorder's court, and in default of $1,000 bond for appearance before the Recorder today, sent him to jail.

Still Talk of Another Hotel.

As stated in The Star some weeks ago, there is a movement on foot to erect another hotel at Wrightsville Beach for occupancy next season, and it is believed that the project will be pushed to a successful conclusion. Although the accommodations at both the Seashore and Tarrymore Hotels were increased early in the year, the beach has been overrun with visitors, and it is now apparent that in order to take care of all, additional hotel facilities will have to be provided. It is understood that a number of Georgians are interested in the movement.

Fine Custom Tailoring.

The Red Cross Tailoring Co., Y. M. C. A. building, announces that, beginning today, a cutter from their merchant tailoring house north will be at their place of business with a fine line of fall samples that they will be pleased for their friends to call and examine. The highest grade and latest fabrics, with perfect fit and guaranteed styles, are the inducements held out to the well-dressed public to see the line before buying.

DECISION AGAINST C. & O.

Railroad Cannot Own Hocking Valley Stock—Westfall Wins.

Columbus, O., Aug. 3.—Judge E. J. Sater, of the United States District Court, rendered an opinion today in the case of Ralph E. Westfall vs. the Hocking Valley and the Chesapeake and Ohio Railroad companies that entirely sustained Judge E. O. Kinkead in his decision of the same case before it was transferred from his court to the Federal court. His decision was that the Chesapeake and Ohio cannot own Hocking Valley stock.

Westfall sought to enjoin the proposed issue of common stock of the Hocking Valley and the voting of stock in that company owned by the Chesapeake and Ohio on the ground that one railroad whether incorporated in this State, or another could not own and vote stock in another domestic company.

The decision means that the railroad attorneys cannot carry out their plan to establish a common ownership of the Kanawha and Michigan, the Hocking Valley and the Chesapeake and Ohio by owning a majority of the stock of these companies.

CARLISLE'S FUNERAL HELD.

Conducted From St. Thomas Church in Washington Yesterday.

Washington, Aug. 3.—Funeral services held here today for the late John G. Carlisle, former Secretary of the Treasury consisted of the simple Episcopal service, conducted in St. Thomas Church by Rev. J. W. Austin. There was no eulogy. Comparatively few were present most of the former Secretary's friends being out of the city. The body was placed in a receiving vault in Rock Creek cemetery, but later will be taken to Covington, Ky., for interment.

The honorary pall bearers were Acting Secretary of the Treasury A. Platt Andrews, Comptroller of the Currency, Lawrence O. Murray, former Assistant Secretary of Treasury, William Edmond Curtis, of New York; former Assistant Secretary of the Treasury, Charles S. Hamlin, of Massachusetts; former Representative Isador Straus, of New York; Dr. Jos. D. Bryant, of New York; Edmund W. Taylor, of Kentucky, and William J. Kehoe, of this city.

ABOUT HOOKWORM DISEASE

Dr. Strosnider Gives Out Interesting and Instructive Interview Relative to the Parasite—Its Cost to State.

As mentioned in yesterday morning's Star Dr. C. F. Strosnider, formerly of the staff of surgeons at the James Walker Memorial Hospital, but now working under the direction of the State Board of Health in the campaign for the eradication of hookworm disease spent a few hours in Wilmington Tuesday on his way from Whiteville to Lillington. At the latter place he delivered a lecture yesterday on hookworm disease. While here Dr. Strosnider gave out an interview on hookworm disease, as follows:

"Hookworm disease, cotton mill anaemia, negro consumption, miners or tunnel anaemia has been in the United States (chiefly in the Southern States) for at least 275 years, but owing to the many hindrances and difficulties placed in the way of progress of medical science it was not discovered as a specific disease until the year 1902 by Dr. C. W. Stiles. It is to Dr. Stiles' untiring efforts that the public and medical profession are indebted for the discovery of one of the most prevalent diseases which is the direct cause of thousands of dwarfed and incapacitated children and adults, both mentally and physically.

"As regards the prevalence of the hookworm disease some idea may be formed when the fact is recalled that 95 out of 98 counties report the presence of this disease. The percentage of infection varies, being practically the same in the eastern and central counties but slightly less in the western section of the State.

"Last Fall 600 college men were examined for hookworm disease with the result that 33 1-3 per cent. were found to be infected. These men represented four of our best colleges, as well as our best families.

"During the recent encampment of State troops at Chicamauga quite a number of soldiers were examined for hookworm disease with the result that 30 per cent. were found to be infected.

"This parasite lives by absorbing blood from our system, thus causing children and adults alike to lose vitality and energy, to become very pale, weak, drowsy, irregular appetite, doing poor and unsatisfactory work. Feeling sick most of the time, suffering with intense headaches, or dizziness, flashy pains and being easily tired out.

"The average individual suffering from hookworm disease is only capable of doing from 50 to 75 per cent. of either mental or physical work. Such being a fact we will now follow up this line of thought and endeavor to find out what this means to us from an economic standpoint.

"First, we will find out how it affects our public schools. Last year in North Carolina about $3,070,000 was spent for public education, not including our State colleges. Suppose we average the percentage of infection and say that 25 per cent. of our population is infected (this being a low average). Then if $3,070,000 be divided per capita, one-fourth of the amount, or $767,500, was spent on hookworm sufferers. They were one-fourth incapacitated mentally and physically by hookworm disease and thus unable to assimilate more than from 50 to 75 per cent. of the knowledge offered them; hence from 25 per cent. to 50 per cent, of the knowledge presented to them is wasted, or from $191,875 to $383,750 is a total loss to the State.

"Second, what about the loss in earning power? If a man has suffered or is at present suffering with hookworm disease he is both physically and mentally incapacitated according to the degree of infection. Let us use as our earning power standard, in this disease, the percentage of coloring material (known as harmaglobin) in the blood; the normal being 100 per cent. Then by using same percentage of infection as in the children we have 25 per cent. of our laborers infected. Then say the average degree of infection is 25 per cent., thus giving this man a mental and physical working standard of 75 per cent. of his normal. Hence he can only do three-fourths as much work, at his best as he could were he a healthy individual. He loses much time on account of illness, works irregular and sluggishly.

"On this basis the loss to North Carolina in farm products last year in the combined crop of cotton, corn, wheat, oats, tobacco and hay, was twelve and one-half million dollars.

"Thus by observing only a few facts in connection with this disease you can readily see what it would mean to our State to eradicate a curable and preventable disease, from a financial, aside from the humanitarian standpoint."

Atlanta, Ga., August 3. — A bill making it a misdemeanor for any company to employ messenger boys under 16 years of age, between the hours of 9 p. m. and 6 a. m. was passed by the lower house of the Georgia Legislature today.

Body Sent Yesterday to Bolton.

The body of Mr. Elkenny Bennett, 27 years old, who died at the James Walker Memorial Hospital Tuesday afternon, was taken yesterday morning to Bolton, N. C., where the funeral and interment will take place. The young man was in the employ of a lumber company, and a few days ago was severely injured in one of his legs by a falling tree. He was brought to the hospital here for treatment, and upon examination it was found that amputation of the limb was necessary. The operation was performed, but the young man continued to sink, until the end came at 3:30 Tuesday afternoon.

Valuable Historic Books.

Always interested in the quaint and curious, his collection being very valuable, Mr. J. H. W. Bonitz was showing to friends yesterday a copy of a Reformation Bible which has been in the possession of his family for more than 200 years. The leaves are of parchment and were made so that the Bible could be read in secret, when persons of the early age were forced by religious oppression to read their Bibles in secret. Mr. Bonitz also has in his possession a very valuable medical work by a French physician who was the doctor to Marie Antoinette. Both books are very valuable and are highly prized by Mr. Bonitz.

S. S. S. CURES SKIN DISEASES

Lying just beneath the outer covering or tissue-skin, is a sensitive membranous flesh in which are imbedded thousands of small blood vessels. It is through these tiny veins and arteries that nutriment is supplied from the blood to the different pores, glands and lymphatics. Thus the skin is kept healthy, and free from all eruption or disease, by pure blood. But when impurities and humors infect the circulation its nourishing properties are diminished and instead of supplying the skin with healthful properties it constantly irritates and diseases the delicate fibres, pores and glands with sharp uratic matter. Then the skin tissues inflame, swell and ulcerate and some form of skin disease appears on the surface. Applying soothing lotions, salves, etc., to the outer eruptions does not purify the blood and therefore the skin trouble can not be cured in this manner. S. S. S. cures all skin diseases by neutralizing the acids and removing the humors from the blood. It cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its rich, nutritious corpuscles, and adds to its purity in every way. Then the skin, instead of being irritated and inflamed by sour impurities is nourished, soothed and softened by this cooling, healthy stream of blood. S. S. S. Cures Eczema, Acne, Tetter, Salt Rheum, Poison Oak, boils, pimples, rashes, etc. Book on Skin Diseases free to all who write.

The Sunday school of Bladen Street M. E. Church will operate an excursion to Carolina Beach today. The usual number of trips will be made to the pier by the steamer Wilmington, and a pleasant outing will be afforded to all who care to join the school.

* * *

The following from the social column of Sunday's Columbia, S. C., State will be of interest here, as the honor guest, Miss Anabelle MacLean, is to be married Friday of this week to Mr. Vance Clyde Piner, formerly of this city, but now of Columbia, S. C.:

* * *

Mr. George E. Megow, one of The Star's most expert Linotype men, leaves on the early morning train today for Lincolnton, N. C., where he will join Mrs. Megow and spend two weeks at Lincoln Lithia Inn. Mrs. Lillian McKay and daughter, Miss Anna McKay, have been at the springs for a week or ten days.

* * *

Rev. Thos. A. Smoot, pastor of Grace Methodist Church, who has been on a tour of the old country, will return to Wilmington this morning, accompanied by Mrs. Smoot, who joined him in New York some days ago. Rev. J. C. Wootten, of Durham, who occupied the pulpit of Grace Church in the absence of the pastor, and Mrs. Wootten are spending this week at Southport.

* * *

Miss Birdie Miles, an attractive Wilmington young lady who has been spending the past year or more with relatives in Kansas City, Mo., and visiting friends in Cleveland, Ohio, returned to her home yesterday and is with her parents, Mr. and Mrs. Clarence Mattingly, No. 401 South Sixth street. On her return Miss Miles spent six weeks with relatives and friends in Owensboro and at other points in Kentucky. She has received a cordial welcome from her many friends in Wilmington.

* * *

SURPRISE MARRIAGE IN NEWBERN LAST WEEK.

Many Wilmington friends will be interested in the announcement of the marriage of Miss Ila Adele Rountree, the attractive daughter of Mr. and Mrs. David Rountree, of this city, and Dr. C. L. Pridgen, of Raleigh, which was celebrated the past week in Newbern, N. C., where the bride, with her parents, were visiting during the Centennial. The bride was at the home of her aunt, Mrs. William Rountree, and it was there that the young people met and decided to anticipate the announcement of their wedding for later in the season, and they were accordingly married in the presence of a few friends. Dr. Pridgen is engaged in the practice of his profession in the city of Raleigh, and is well known and highly esteemed there. Miss Rountree recently graduated from St. Mary's School in Raleigh, where she took a high stand. She is much admired wherever she is known. Friends of the young people wish them an abundance of happiness and a most pleasant journey through life.

* * *

Whiteville, N. C., August 3. — The beautiful reception given Tuesday night by the citizens of Whiteville, complimentary to the teachers in attendance upon the institute, was one of the most elegant affairs in the annals of Whiteville's socia life, and it also expressed in a measure the hospitality of Whiteville to its guests. The auditorium was used and beautifully decorated for the occasion. On entering the teachers were met by the receiving line, composed of Mayor W. Ross Davis, the Board of Trustees and Mesdames Elmore Powell, W. E. McDaniel, W. G. Burkhead, Robert McRacken and Helen Gantt Mims. Misses Lucy Powel and Sarah Burkhead then showed the way to the punch bowl, which was presided over by a bevy of Whiteville's most popular young women. Hon. L. V. Grady welcomed in a most delightful manner the teachers to Whiteville, and was responded to by the beloved Superintendent of Education Wooten, who was followed by Hon. D. J. Lewis and Prof. Highsmith, all delivering splendid addresses. The Vineland band played during the evening, and everything possible was done to make of the occasion a delightful one for the teachers, who are always so warmly welcomed in our city.

* * *

"A lovely affair of yesterday afternoon was a linen shower given for Miss Anabelle MacLean by Mrs. Fredric Craver at the home of Mrs. D. H. MacLean on Senate street. It was a pink party throughout and the house was decorated in branches of crepe myrtle, pink roses and garlands of pink hearts, the lights ever falling in harmonizing glow through pink shades. The popular bride-elect was showered with dainty gifts in linen by the score of her friends, who were present, and later the guests were invited into the dining room where a three-course luncheon was served. The table was set with a large centre and place mats of cluny lace over pink and was decorated in roses and tiny pink hearts the refreshments, especially the ice course, matching the prevailing color. Enjoying the delightful affair were: Miss MacLean, Miss Eugenia Ivey, of Atlanta, the Misses St. Claire, of Shreveport, La., Miss Naomi Chase, of St. Paul, Minn., Miss Sybil Walker, Miss McIlwine, Miss Rosa Boyd, Miss Jessie Knight, of Greenwood, N. C., Dr. Mary Lyles-Sims, Mrs. Grace, Misses Mary and Nathalie Heyward, Mrs. Walter Keenan, Miss Elizabeth Keenan, Miss Janie Heath, Miss Theo Backham, Miss Mattie Martin."

LOCAL DOTS.

—The body of Mr. Charles Duggen, whose death occurred at Fort Caswell Monday night, brought here Tuesday and prepared for burial at the funeral parlors of Mr. J. F. Woolvin, was sent yesterday to Kentucky, the former home of the young man.

—Upon the petition of certain creditors, the firm of Ed N. Penny, incorporated, has been adjudged an involuntary bankrupt by George H. Howell, Esq., referee in bankruptcy, to whom the matter was referred. The first creditors' meeting will be held on July 15th at 11 a. m.

—Conductor W. T. Parker, of the Tidewater Power Company, yesterday had the misfortune to lose 18 slips of street car tickets that he had with him on his run. As this will be a personal loss to the conductor unless they are restored to him by the finder, he will thank anyone to leave them for him at the Tidewater offices.

—C. E. Kizziah, a young white man, bound over to Superior Court Monday on the charge of larceny from the person, being accused of taking a bottle of whisky from a negro man, yesterday gave bond in the sum of $100 for his appearance at next term of Superior Court. He lives in Concord, where he is held in very high esteem.

—"The Unmailed Letter," "Who'll Win My Heart," and "The Gold Spider" are the titles of the pictures that will be shown at the Bijou theater today. The first named is an intensely interesting comedy drama; the second, a comedy in which there is a scramble for the hand of an heiress, and the third a colored drama with a moral that is applicable to all.

—Mr. Oscar Grant, superintendent of streets, suffered what is known as a heat stroke yesterday morning, shortly after 11 o'clock, and was taken to the drug store of Mr. W. R. Kingsbury, corner Second and Princess streets, where restoratives were administered. A short time later he left for his home. It is not thought that he will suffer any ill consequences.

—In accordance with the authority given him by the recent action of the Board of Aldermen, concurred in by the Board of Audit and Finance, Mr. John J. Fowler, city clerk and treasurer, has advertised for proposals for the purchase of $100,000 worth of the water and sewerage bonds, the money to be used exclusively for a sewer system. Bids will be received until noon, September 1st.

—Deeds were filed for record yesterday as follows: W. M. Cumming and wife to Susie Cooper Cumming, trustee for William Cooper Cumming, for $92 and other considerations, lot on north side of Atlantic avenue, 132 feet east of Fourteenth street, 33x165 feet in size; Asa Horton and wife to Archibald J. Hanby, for $100 and other considerations, 21 acres of land on east side of Cape Fear river at Newton's landing; D. R. Foster and wife to B. O. Stone, for $10 and other considerations, lot on south side of Wooster, 55 feet east of Seventh street.

PERSONAL PARAGRAPHS.

—Mr. W. A. Moore, of Southport, N. C., was a business visitor to the city yesterday.

—Judge O. H. Allen was a visitor to the city yesterday on his way to his home in Kinston. He will hold court next week at Southport.

—Mr. F. Nash deRosset, of New York City, arrived yesterday morning to be with his father, Col. W. L. deRosset, whose condition his many friends will regret to learn, was slightly worse yesterday.

—Mr. W. E. Crowell, who some 25 years ago was one of the printing fraternity in Wilmington, arrived in the city yesterday and will spend several weeks in the city. He has been most pleasantly received by a number of the veterans of the Fourth Estate in Wilmington.

—Yesterday afternoon's Fayetteville Observer: "Major W. H. Bernard, who has been spending several months here with Mr. F. H. Stedman, has returned to Wilmington. Major Bernard's visits to Fayetteville always give genuine delight to his hosts of friends here, all of whom hope he will come again, and often."

—Guests at The Orten yesterday included: John C. Lamb, Wilson; Miss Glen Starbuck, of the Greensboro Daily News; Miss Margaret Baldwin, Maxton; Miss Jessie Wollen, Randleman; Miss Eva Moore, Wadesboro; Miss Mary Melchon, Mooresville; Mr. and Mrs. M. S. Potter, Columbia, S. C.; H. D. Farrior, Warsaw; B. F. Smoot, McCall, S. C.

To Make Rich Cream

Use the pure, delicate and double strength Blue Ribbon Vanilla Extract for ice cream and custards.

AT THE SUMMER CAPITAL.

Visitors Swarm About Beverly to Call Upon the President.

Beverly, Mass., August 3.—President Taft had a number of callers at his cottage this afternoon.

Asher C. Hinds, of Maine, for years the parliamentary clerk of the House of Representatives, and now the Republican nominee for Congress from the First Maine district; Senator Warner, of Missouri; Victor Mason, of Passaic, N. J., who had charge of the New York Republican headquarters during the national campaign; Representative Gillett, of Massachusetts; General Crozier, of the Ordnance Department of the Army, and John C. Cobb, president of the National Tariff Commission Association, were visitors of the President today.

Michael Grigordie, the Italian laborer, who was run down and seriously injured by Robert Taft several weeks ago, left the Beverly hospital today, entirely recovered from the accident. All of his hospital and medical bills were paid by the President.

No comment was obtainable here today on the result of the Kansas primaries nor of the proceedings at the Iowa Republican convention.

President Cobb, of the Tariff Commission Association, congratulated the President upon his efforts to accomplish practical results out of the new tariff board, and pledged him the support of his organization. The President today accepted the invitation to attend the National Conservation Congress at St. Paul on September 5th and to make an adress on that day.

Colonel Roosevelt will speak at the Congress either September 7 or 8. Formal notification of the President's acceptance was telegraphed today to Governor Eberhard, of Minnesota; B. N. Baker, president, and J. B. White, chairman of the executive committee of the Congress.

PRESIDENT PEDRO ARRIVES.

Ruler of Chile Receives Warm Welcome to United States.

New York, Aug. 3.—The thunder of guns from Fort Wadsworth's proclaimed the arrival in port this afternoon of President Pedro Montt, of the Republic of Chile, on board the Royal Mail Liner Tagus from Colon.

This honor was accorded the distinguished head of a sister American republic by the United States government which arranged likewise for further attentions to him, including his transfer to a government cutter, carrying him up the bay and river to the foot of West 59th street. Three aides, representing the State, War and Navy departments will accompany President Montt and use every means to make his stay a pleasant one. A detachment of United States Army regulars was stationed at he landing place to escort the President and his suite to their hotel.

President Montt will be in this city two days and will then go to Boston and from thence to Beverly to pay President Taft a visit. He will sail for Europe on the Kaiser Wilhelm Der Grosse on August 9th to take the cure at Bad Nauheim. His trip is undertaken for his health following a severe illness.

GUNNER'S MATE LOSES LIFE

Accident to South Carolinian While Diving For Torpedo.

Providencetown, Mass., Aug. 3.—Thirty fathoms deep in the waters of Cape Cod bay in search of a sunken torpedo, George William Fairey, a gunner's mate on the battleship Connecticut whose home was at Orangeburg, S. C., lost his life yesterday, according to word brought ashore here from the fleet today. The Connecticut was engaged in torpedo practice when one of the missiles was lost and Fairey was sent out with a boat s crew and diving apparatus to recover it. On his way to the bottom of the bay he signalled "O. K." There was a pause for a moment when he reached bottom and then came a faint signal of danger. The comrades pulled the diver as quickly as possible to surface. Hastily opening the armor they found Fairley unconscious, but still breathing. All efforts to resusitate h m failed.

The cause of the accident is not known, but it is presumed there must have been trouble in the transmission of air. The body was shipped to Failey's sister, Mrs. E. R. Paulling, of Orangeburg, S. C.

Yesterday afternoon's Fayetteville Observer says: "Mrs. O. B. Wightman and daughter, Miss Annie, have gone to Wrightsvile Beach to spend a while.—Mrs. H. I. McDuffie, with two little grandchildren and nurse, and her two daughters, Misses Nora and Charlotte, went down to Wrightsville Beach this morning to spend a couple of weeks at that popular resort."

ONLY ONE "BEST"

Wilmington People Give Credit Where Credit is Due.

People of Wilmington who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by cures in Wilmington. Here's Wilmington testimony:

Miss Maggie Rivenbark, 105 Dock street, Wilmington, N. C., says: "I found great benefit through the use of Doan's Kidney Pills, procured at R. R. Bellamy's drug store. I suffered from constant, dull pains in my back, and some days I could hardly get about. My kidneys were weak, and I was caused much annoyance. I tried several remedies, but nothing gave me relief until Doan's Kidney Pills were used. They proved to be just what I required, and in a short time cured me so completely that my trouble has never returned."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

CRANE RETURNS EAST AGAIN.

Declined to Discuss Object of Conference With Ballinger.

Chicago, Aug. 3.—Senator Crane returned East today after his conference in Minneapolis with Secretary Ballinger. He would not deny the report that he has asked Mr. Ballinger to resign from the cabinet merely saying: "I have nothing to say."

Senator Crane passed through Chicago today. When asked if he had gone to Minneapolis to request the resignation of Secretary Ballinger he replied:

"I have nothing to say. I came West on a mission and have been to Minneapolis and am now returning East. I saw Mr. Ballinger but not by appointment. We discussed matters in general and that's all there is to it."

When informed that it had been reported that he had been sent to request the resignation of Secretary Ballinger, the Senator replied:

"What I was sent West for, if I was sent at all, is not of public business or interest just now. I will not discuss Mr. Ballinger, politics, or anything in relation to why I am here."

When asked again if he had asked the Secretary to resign Senator Crane would neither affirm nor deny but simply repeated: "I will not discuss it."

JOE GANS NEARING DEATH.

Former Champion May Die Before Reaching Baltimore Home.

LaJunta, Colo., Aug. 3.—Joe Gans, former lightweight champion, rushing across the country in an effort to reach his home in Baltimore and see his mother before he dies, has given up hope of reaching home alive.

Gans is dying of consumption. "I am going fast," he said to friends who saw him when the Santa Fe train on which he is traveling passed through here today.

"I won't take any chance by stopping in Chicago."

The trip over the Raton mountains affected the former champion greatly and restoratives had to be given repeatedly in order to prevent total collapse.

Hardware.

Think of Last Summer--

You can remember days when the heat inside your kitchen was so great you could hardly bear it. With the right stove you would have made a better hostess. Save your health. Don't put up with the drudgery of a coal range. You can have a clean, cool, pleasant kitchen. The

New Perfection

WICK BLUE FLAME

Oil Cook-stove

does away with all drudgery of cooking. Why should you be a slave to a coal range when you can have an Oil Cook-Stove that is cheaper than coal, cleaner than coal, doesn't "smell," doesn't smoke, lights instantly, can be put out instantly, leaves no ashes, and doesn't heat the kitchen. With one of these stoves you can boil, bake or roast the most elaborate dinner. You can change from a slow to a quick fire, or the other way about, by simply turning a wick. Apply a match, and instantly the heat from an intense blue flame shoots upward through the turquoise-blue enamel chimneys to the bottom of pot, kettle or oven—but nowhere else. The stove has every convenience that can be thought of: Cabinet Top with shelf for keeping food and dishes hot, drop shelves to hold coffee or teapots, towel rack; in fact every convenience possible.

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive.

Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

How to Own The Oliver Typewriter For 17c a Day

You don't have to draw on your Bank Account when you pay on the Penny Plan.

You need not disturb your Dollrs. Keep them at work earning interest!

We offer our newest model, the Oliver Typewriter No. 5—fresh from the factory—for Seventeen Cents a Day.

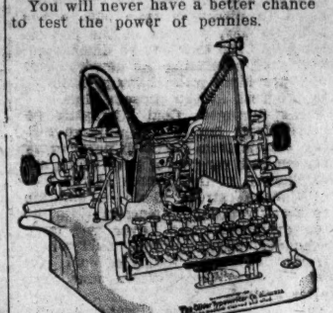
The plan is printed in "black and white" on the Application Blank below.

Simply fill out the blank, attach the small first payment, send it in, and on comes the Oliver!

No tedious wait! No red tape! No long-drawn-out correspondence!

You quickly own your Oliver and scarcely notice the outlay. You can have the use of your machine while pennies are "paying the freight."

You will never have a better chance to test the power of pennies.



The Oliver is everywhere!

It's the universal typewriter. Reels off real work with the ease and speed demanded by this mile-a-minute age. Wherever you turn—in Business in Offices, great or small—in the quiet of the Home—in the roar of the Railroad and Telegraph service—in the seething maelstrom of modern Newspaperdom—in countless kinds of service—it's the sturdy, strenuous Oliver that's "making the wheels go round."

The OLIVER Typewriter

The Standard Visible Writer.

You need your Oliver now. It's yours almost for the asking. The biggest hundred dollars' worth in America—for Seventeen Cents a Day!

Send along the Application Blank, with a small first payment of $15 as an evidence of good faith.

Your check is good—or send draft, postoffice of express money order.

SHARP ADVANCE ON NEW CROP

Eyes of Entire Cotton Trade Turned Toward Texas and Oklahoma—Opened Steady and Closed Firm—Market Conditions.

New York, Aug. 3.—The eyes of the entire cotton trade was turned towards Texas and Oklahoma today and much of the advance of fully 25 points on new crops was due to the continued dry, hot weather in those States. The market closed steady at 19 to 26 points net advance.

The opening was firm at an advance of 10 to 11 points on near positions and 11 to 15 points on new crops, due primarily to the unexpected strength of Liverpool, where the adverse Texas situation appeared to have had even more influence than it did here. From this beginning there was an almost unbroken advance throughout the entire session with a broadening speculative demand including some heavy purchases for Wall street people who had sold out on the government report and wanted to replace their lines. Southern bulls were also heavy buyers of new crop positions. Not only were mills active buyers of futures during the day, but they were also reported as being in the market for spots owing to a much improved demand for goods. One house having mill connections here and abroad purchased upwards of 25,000 bales of new crops today while another firm which frequently represents spot interests has bought upwards of 150,000 bales of new crops in the last month.

Private reports concerning the situation in Texas were little short of sensational as temperatures were again around 100 to 108 maximum and fully equal to the highest temperatures of last year, while in Oklahoma they were said to have broken all government records, the reports claiming that the crop was deteriorating found ready acceptance.

Receipts today at the ports 1,461 bales against 2,277 last week and 522 last year. For the week 18,000 bales against 20,780 last week and 10,257 last year. Today's receipts at New Orleans 290 bales against 202 last year and at Houston 311 bales against 165 last year. Spot closed 15 points higher; middling uplands 15.45; middling gulf 15.70; sales 3,100 bales.

Futures opened steady and closed steady.

COTTON MARKET YESTERDAY.

Good Cables Aided Market—Feeling in Trade More Optimistic.

(Special Star Telegram.)

New York, August 3. — With improved spot demand in Liverpool and a better tone in Manchester and good cables, buying began here at the outset, and despite large realizing sales the advance was held to the close. The feeling in general trade is more optimistic, and analysis of the bureau figures suggests a moderate if not a short crop. Texas still has intense heat, 106 to 110 degrees in some places, and rains must come within a week, or the results will be disastrous. Liverpool and Texas are the controlling factors. Indications of cooler weather in the far southwest over night was a check to aggressive buying. HUBBARD BROS. & CO.

Malaria Makes Pale Blood.

The Old Standard GROVE'S TASTELESS CHILL TONIC, drives out malaria and builds up the system. For grown people and children, 50c.

Rosin	212
Tar	(—)
Crude turpentine	52

Receipts, same day last year 94 casks spirits turpentine; 74 barrels rosin; 24 barrels tar; 38 barrels crude turpentine.

COTTON MARKET.

Market 14 3-4 cents nominal. Quotations corresponding day last year nominal.

Receipts—1 bale, same day last year (—) bales.

PRODUCE MARKET.

(Quoted by W. J. Meredith July 31st.)

PEANUTS—North Carolina, No. 1 $1.20 to $1.25 per bushel; Spanish $1.40 and $1.50; Virginias $1.00 and $1.10.

CORN—Firm 85 cents per bushel.

N. C. HAMS—Dull; hams 19 to 20; shoulders and sides 17 cts.

EGGS—15 and 16c, very dull.

CHICKENS—Spring 15 and 30; grown 50 scarce.

BEESEWAX—Firm at 26 to 27c.

TALLOW—Firm at 4 1-2 to 5c per pound.

SWEET POTATOES—Out of season.

HIDES—Dr. flint 13c; green 7c per pound

WOOL—Burr 12 to 15c; free of burr 18 to 20c.

GEESE—Out of Season.

PORK—Out of Season.

SHEEP—Grown $1.00 to $2.50.

LAMBS—Good demand $1.50 to $3.00.

PEAS—Out of Season.

IRISH POTATOES—New crop 40 to 50c per bushel, dull.

THE FINANCIAL MARKET.

New York, August 3.—Money on cal easy, 1 1-2 to 1 3-4 per cent; ruling rate 1 1-2; closing bid 1 1-2; offered at 1 3-4. Time loans firm; 60 days 3 1-4, and 90 days 4; six months 4 1-2 to 5 per cent.

Prime mercantile paper 5 1-2 to 6 per cent. Sterling exchange steady, with actual business in bankers' bills at $4.83.35 to $4.83.50 for 60-day bills and at $4.85.30 for demand. Commercial bills $4.83 to $4.83 3-8. Bar silver 53. Mexican dollars 44.

DRY GOODS MARKET.

New York, Aug. 3.—The cotton goods market was firm and selling was of a moderate character for spot and nearby delivery to printers, converters and the manufacturing trades. Jobbers are still buying from hand to mouth. The jobbers had an active day at special dress goods sales. Knit goods are quiet. There is very light ordering of silks by the retail trade.

Staggers Skeptics.

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove it's a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains, and corns. Try it. 25c at Robt. R. Bellamy.

STOCK MARKET LIMITATIONS

Disclosed under Circumstances Which They Exist—Effect of Sharp Rebound of Day Before—No Renewal of Urgent Selling.

New York, Aug. 3.—The stock market today disclosed its narrow limitations under circumstances as they exist. The sharp rebound of the day before seemed to exhaust the demand from the shorts and there was none forthcoming of a more positive nature. While there was no renewal of the urgent selling which has aroused the suspicion of forced liquidation from time to time there was a pressure of stocks for sale to realize profits on the rebound of yesterday.

Sales were in moderate volume but the demand had become so feeble and languid that no absorptive medium was provided and prices gave way. Before the close of the day the requirements of the shorts asserted themselves again and caused a recovery of most of the day's declines.

The news offered no striking changes in its bearing on values. The growing crops held a large share of attention and their passage through the critical period for their welfare is the main factor of constraint on the stock market at present. Attention was diverted to the more immediate weather conditions affecting the cotton crop. These were reported more favorable in the Atlantic Coast States, where the greatest deterioration was shown in the government report. Early reports of more high temperatures in Texas suceeded by assertions that cloudy and cooler weather had developed there.

The money market offered nothing to supply the depressive influence on stocks. Movement of cash into New York bank reserves continues on a large scale. The gain for the week of $4,183,000 on sub-treasury operations is helped by large deferred payments from the assay office for gold arriving from London. Study in detail of the National Bank returns to the comptroller affords reassurance as to the reserve position of the country banks which are responsible for the loan expansion of the three months preceding June 30th.

Rumors of price cutting of Steel products by independents were accompanied by a supposition that the United States Steel corporation would meet the cuts. The selling of United States Steel was a decisive sympathetic influence on the general list. The rally in that stock afforded corresponding relief. The dealings in it, Union Pacific and Reading accounted for over half the day's total business.

Bonds were irregular. Total sales par value $1,444,000. United States were unchanged on call. Total sales stocks for the day 510,600 shares.

THE GRAIN MARKET.

Chicago, Aug. 3.—Efforts here to realize profits on previous short selling of wheat resulted in a net advance of 7-8 to 1 1-4. There was also good buying on the part of spreaders operating here and in Northwestern markets. The latest quotations showed corn 1-8c higher to 1-8c lower and oats unchanged to 1-8c up. Provisions finished at last night's level to 12 1-2c above.

Wheat—No. 1 red 1.01 3-4 to 1.03 1-4; No. 2 red 1.01 3-4 to 1.02; No. 3 red 1.00 to 1.02; No. 1 hard 1.01 3-4 to 1.02 1-2; No. 2 hard 1.01 3-4 to 1.03; No. 3 hard 1.00 to 1.02; No. 1 northern 1.23 to 1.24; No. 2 northern old 1.11 to 1.12; No. 3 spring new 1.07 to 1.08; drum 97 to 98.

Corn—No. 2, 62 1-2; No. 2 white 64 3-4 to 65 1-2; No. 2 yellow 64 1-4 to 64 3-4; No. 3 62 1-2 to 62 3-4; No. 3 white 63 3-4 to 64; No. 3 yellow 63 1-4 to 64; No. 4, 62 to 62 1-2; No. 4 white 62 to 63 1-4; No. 4 yellow 62 1-2 to 63.

Oats—No. 2 new 34 3-4 to 34; No. 2 white new 37 1-4 to 38; No. 2 white 38 to 39; No. 3 white new 36 3-4 to 37; No. 3 white 36 1-2 to 37 1-2; No. 4 white 34 1-2 to 36 1-2; standard new 37 1-2; standard 38.

KNOWS OF COTTON CORNER.

Waterman Thinks it Honor to be Summoned to Explain Situation.

Albany, N. Y., Aug. 3.—"I would consider it an honor to be summoned before a Federal grand jury to explain this whole situation," said Theodore H. Waterman today, commenting on the report from Chicago that a Federal investigation into the recent "corner" in July wheat is in prospect.

"But the Federal grand jury ought to investigate the shorts," he continued, "the people who sell what they have not got and never expect to deliver, the people who are simply selling and gambling and who, if they show a loss, are quick to holler 'corner' and 'manipulation.'

"I have attempted to run a 'corner' but simply ask for what I buy, the same as if I'd buy a piece of real estate. The Peavy Grain Company did not operate for me except on orders the same as any other legitimate commission house would act. As far as combinations are concerned there is no more combination about these transactions than there is between the Commercial Bank and the Albany Trust Company, or the Mechanics and Farmers Bank. There was never any violation of the Sherman anti-trust law."

STRIKERS RETURN TODAY.

Trainmen on Grand Trunk and Vermont Systems.

St. Albans, Vt., Aug. 3.—Misunderstanding which developed during the day in connection with the settlement of the Central Vermont Railway strike announced last night, were cleared away tonight. Officials of the road and representatives of the organizations of conductors, trainmen and yard men tonight expressed themselves as prepared to abide by the terms of the agreement. The men who have been on strike will be given their old positions as fast as possible, but men hired during the strike with the understanding that their positions were to be permanent will not be discharged. It is understood that the first of the strikers will return to work tomorrow.

Fall and winter opening August 4th, 5th and 6th. Red Cross Tailoring Co. **

UNABLE TO END STRIKE.

Cloak Makers and Employers Have a Disagreement.

New York, Aug. 3.—Negotiations with their employes looking to a settlement of the strike of cloak makers here were declared off this afternoon after a meeting of the Cloak, Suit and Skirt Manufacturers' Association. The failure of the strikers' committee to reply to terms submitted to it yesterday by the employers was given as he cause of this action.

Announcement was made by the association that the factories will be reopened immediately and new operators will be installed as rapidly as they can be obtained. A fight to the finish, it was said, will be waged against the Union. The open shop is understood to be the real cause of the failure to reach an agreement.

Struck a Rich Mine.

S. W. Bends, of Coal City, Ala., says he struck a perfect mine of health in Dr. King's New Life Pills for they cured him of liver and kidney trouble after 12 years of suffering. They are the best pills on earth for constipation, malaria, headache, dyspepsia, debility. 25c at Robt. R. Bellamy's.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

FREAK OF LIGHTNING

Young Woman Badly Shocked Sufferes Recurrent Attacks.

(Special Star Correspondence.)

Whiteville, N. C., Aug. 3.—Last week during one of the severe electrical storms Mrs. Susie O. Holmes, of Guide, Columbus county, was severely shocked by lightning which struck a tree near their home about 100 yards from the dwelling the current after striking the tree passed over the lawn scorching the grass, passed through the house and seemed to have charged a pair of steelyards which were suspended from the kitchin ceiling. Mrs. Holmes in some manner came in contact with the scales and seemed to be instantly shocked. She began turning round and round, fainted and as soon as she regained consciousness began screaming in agony insisting that she was burning up. Her body and knuckles were blistered and several ribs broken. A strange feature of the case is that she seems to have a fresh charge of electricity and has to be submerged in cold water every time a cloud passes and to relieve the shock it is necessary to change the water every few minutes. This is one of the strangest freaks of lightning ever known in our county.

COMING OF SOUTHBOUND.

Town of Ansonville Booming Under Impetus Given.

Wadesboro, Aug. 3.—The rapid coming of the Winston-Salem Southbound means much for the entire north part of this county but just now Ansonville is the point which seems to feel the greaest impulse, and this hustling little town is moving right along.

The Ansonville Real Estate Company reports the sale of 60 lots to a number of different parties, and some of the purchasers will immediately erect buildings. Morrow Brothers & Company, a corporation already located at Albemarle and Monroe will erect a large brick store and several warehouses. This firm will do a general mercantile business. Morrison & Wilson, of Statesville, have purchased a block of 20 lots on Fries Boulevard and 13 on Railroad avenue and will at once build a large modern ginnery and oil mill and will later erect an ice factory and fertilizer plant. The contracts have been let and the material purchased and work will begin on the first building the coming week, and will be pushed to completion.

ENGINEERS TO CONFER.

United States Army Officers to Have Conference in Charleston.

Charleston, S. C., August 3.—A conference of the United States army engineer officers of this district will be held tomorrow at the office of Capt. E. M. Adams at the custom house building.

The army officers who are in charge of the improvements of the rivers and harbor along this section of the coast will meet to consider the development of the proposed inland waterway. Besides Captain Adams, there will be present Colonel Kingsman, of Savannah; Captain Brown, of Wilmington, and Capt Spaulding, of Jacksonville offices. Meetings have been held at Savannah, Jacksonville and Wilmington, and now another has been arranged for at Charleston, that the engineer officers may make themselves familiar with the work of the project in this immediate vicinity.

AVIATOR INJURED.

Testing New Stability Device When the Machine Comes Down.

New York, August 3.—Dr. H. Walden, an amateur aviator, was seriously injured today at Garden City, L. I., while testing a new monoplane.

Dr. Walden had been encircling the aviation field for half an hour when something went wrong with the craft and it dropped fifty feet to the ground. The physician was unconscious when removed from the wrecked monoplane, and was hurried to the hospital. It is believed that he is internally injured.

Dr. Walden has been experimenting with a new stability device, and was trying it out on a monoplane which does not glide as far as a biplane when the motor power ceases.

Keep The Complexion Beautiful

MONEY BACK if Not Entirely Pleased. Prepared by NATIONAL TOILET CO., PARIS, TENN.

CRIPPEN REMAINS SILENT ON CRIME

(Continued From Page One.)

Martinettes. If there was a quarrel on that night—the last night on which Belle Elmore was seen alive by the outside world—she believes the Martinettes must have had some cue to it in the conversation of the evening.

Despite the reports of Ethel Leneve's broken health, Mme Ginnett says the girl looked brighter and stronger when sue saw her in Quebec than she did when sitting before a typewriter in Dr. Crippen's London office.

London, Aug. 3.—"I had seen or heard nothing until tae cruel blow fell. Am returning home."

This message from Ethel Clare Leneve received by her sister in London tonight. It brought great relief to the relatives of tae woman who is to be charged jointly with Dr. Crippen with murder. The mother and sister have sent numerous telegrams to Ethel Leneve expressing their confidence in her innocence and urging her to tell all to the police.

A search of the registry offices had failed to reveal any evidence that Ethel Leneve was married to Crippen and thus far such a marriage has not been reported at Somerset House, which the clergy officials would be required to do within a month after the ceremony.

Inspector Dew testified at the inquest that Ethel Leneve did not claim to be married but said that she was Crippen's housekeeper. She told her parents, however, that she has married but made excuses when they asked her to show her marriage certificate.

NEGROES HONORED HIS MEMORY

Old Employes Attend Funeral of Mr. Edwards in Raleigh.

(Special Star Correspondence.)

Raleigh, N. C., August 3.—A unique feature of the funeral of F. J. Edwards, of Oxford, held in this city last evening, was the participance of two aged negroes of Oxford, who had been in the employe of this good man for twenty-odd years. They were Henry Jenkins and Robert Baskerville. The deceased was a brother of C. B. Edwards, one of Raleigh's best-known business men, now retired, and was especially honored and successful in his adopted town of Oxford, where he had resided for 42 years. Fifty-odd people accompanied the remains to Oxford.

YACHT HARRIETT STOLEN.

Mysteriously Disappeared From Norfolk Harbor Tuesday.

Norfolk, Va., August 3.—Mysteriously missing, it is reported t onight that the combination sail and gasoline yacht Harriett, of Philadelphia, was stolen from the Norfolk harbor Tuesday night.

The police are working on the case, but are maintaining a silence concerning clues, if they have any, as to the whereabouts of the yacht. The Harriett is a 45-foot craft, and disappeared while moored near the wharves of the Farmers and Merchants' North Carolina line. S. P. McHorney, local agent of the line, reported the disappearance of the yacht to the police.

The name of the party owning the yacht could not be learned.

BEST ROADWAYS FOR AUTOS.

Impregnated Wood Blocks Are the Kindest of All to Tires.

Washington, August 3.—For automobile traffic in cities, pavements made of impregnated wood blocks are said to be the best, according to a report to the bureau of manufactures by A. M. Thackera, American consul general at Berlin. He says it does not wear out automobile tires so quickly, and is more susceptible to the influence of dust binding and dust settling agents.

Asphalt, however, he adds, is still considered the best all-around pavement for heavy traffic. Experiments in tarring roads to keep down dust, he reports, are being made in various parts of Germany.

CAPT. MILLER'S CLOSE CALL.

Brother of Polk Miller Came Near Drowning Yesterday.

Norfolk, Va., Aug. 3.—Capt. Tony Miller, of Richmond, brother of Polk Miller, was rescued from drowning late this afternoon at Ocean View by one of the life guards. Capt. Miller ventured out too far, was caught by the current and when the guard reached him he was completely exhausted. Physicians worked on him for half an hour before consciousness was restored and he was declared out of danger. A man and woman whose names could not be learned, and who also came from Richmond, were pulled out of the surf by a life guard.

CANDIDATES AT MARION.

Lyon and Duncan Join South Carolina Party—Large Audience.

Marion, S. C., August 3. — Chairman Douglass McIntyre called the campaign meeting to order in the town hal at 11 o'clock. Attorney General Lyon and Mr. John T. Duncan joined the party today. Most of the candidates spent the night in Florence, arriving here shortly before the meeting. A large crowd is present. The candidates for railroad commissioner spoke fi rst.

COLUMBIA'S DRINK GRADUATES.

First Batch of Inebriates Discharged as Cured.

Columbia, S. C., Aug. 3.—The first batch of habitual inebriates given treatment by the authorities of Columbia will be discharged as cured today. The treatment seems to have been efficacious, as the men, old offenders, now refuse liquor. The men were given the treatment under a new ordinance passed by the commission in charge of the city government.

CHILDREN MUST STAY AWAY.

Berlin Makes Drastic Rule on the Moving Pictures.

Berlin, Aug. 3.—The president of police has forbidden under severe penalties, the admission of children under fourteen, with or without parents, to moving picture shows after 9 o'clock in the evening. The step is taken owing to the increased use of pictures, mimicing crime and immorality.

THE GORE CHARGES.

Investigation Will be Commenced—Nature of the Inquiry.

Muskogee, Okla., Aug. 3.—Investigation of charges made in the United States Senate by Senator T. P. Gore that he and a member of the House of Representatives each had been offered a bribe of $25,000 to further a scheme whereby the Indians of Oklahoma were to be deprived of $3,000,000 profits due them through the sale of coal and asphalt lands in this State, is to be begun here tomorrow. Senator Gore today said:

"I will tell the full details of the statement hatched at Washington to mulct these Indians out of $3,000,000 through the sale of their lands. I will give names, dates and other circumstances relative to the bribe of $25,000 offered to me and to a member of the House of Representatives to remove our opposition to the scheme which would throw that vast sum of money into the hands of private attorneys."

The committee was appointed by the House of Representatives to investigate what are known as the McMurray contracts with the Chickasaw and Choctaw tribes of Indians. It is headed by Chairman Charles H. Burke, of South Dakota, and will convene at 9 A. M. tomorrow. Senator Gore probably will be the first witness. The charges as made by Senator Gore in the Senate on June 24th and which form the basis for the present investigation are:

"That J. F. McMurray, of McAlester, Okla., and his associates, had obtained 10,000 individual contracts with Chickasaw and Choctaw Indians for the sale of 450,000 acres of coal and asphalt lands, estimated to be worth from $30,000,000 to $160,000,000. That the profit to McMurray and his associates was to be 10 per cent. or a sum ranging from $3,000,000 to $16,000,000.

That a New York syndicate was already prepared to take over the land at $30,000,000.

That when opposition to approving the contracts arose in Congress he (Senator Gore) was approached and was told that $25,000 or perhaps $50,000 would be available to him and that a like sum would be available to a member of the House of Representatives, if all opposition was removed.

That if the contracts had been approved the Indians would have been deprived of 10 per cent. of the profits guaranteed them by the government and the money would have gone to pay "attorneys fees" for which no material service had been rendered Senator Gore also charged that "an ex-Senator from Nebraska and an ex-Senator from Kansas were interested in the contracts."

"In my charge before the Senate I did not give any names concerning the offers of bribery," said Senator Gore.

"That and other information I am now ready to impart before the investigating committee."

Besides Mr. Burke, other members of the investigating committee are Congressman Philip P. Campbell, of Kansas; Clarence B. Miller, of Minnesota; John H. Stephens, of Texas, and E. W. Saunders, of Virginia.

NEW YORK INDICTMENTS.

Further Charges of Irregularity Now Come From Albany.

Albany, N. Y., August 3.—Indictments against former State Engineer Frederick L. Skene, Louie B. Harrison, who was a division engineer under Mr. Skene, and several contractors, on charges growing out of alleged irregularities in the awarding of good roads contracts during Mr. Skene's administration, 1907-08, was reported this afternoon by the special grand jury which has been invstigating the charges since July 18th.

Mr. Skene, who is named in each indictment, charged in the application to the court for an order directing Attorney General O'Malley to show cause why he should not be restrained from further p articipation in the investigation, that the investigating is being conducted at the instance of the attorney general for political purposes. He points out that the charges were laid before Governor Hughes on two different occasions, and that the governor found nothing that would involve the honesty and integrity of the Skene administration.

Skene further declares that Attorney General O'Malley and certain of his deputies and politicians "high in the councils of the Republican and possibly the Democratic party," by continuing the investigation after Governor Hughes failed to act, are endeavoring to weaken the influence of the Governor and his f riends at the next Republican State convention, and to further the attorney general's interests as a possible Republican gubernatorial candidate.

Skene entered a plea of not guilty, and bail was fixed at $10,000. Harrison's bail was placed at $5,000, after a plea of not guilty had been directed by the court.

The indictments charge grand larceny and aiding and abetting in procuring payment of alleged false claims.

GRAND TRUNK STRIKERS.

Fifty Per Cent Reinstated in Old Positions Yesterday—Railroad Liberal.

Montreal, August 3.—About 50 per cent of the 5,000 Grand Trunk conductors, trainmen and yardmen who struck on July 18th were reinstated in their old positions today. The developments of the day tended to show a liberal policy on the part of the railroad officials toward the strikers, the delay in placing many of them being d ue to the disorganized condition of train schedules and the impossibility of re-establishing them in 24 hours.

The messages from the merchants are always interesting—and usually about the "state of your purse."

The New Bonds

If you have North Carolina Four Per Cent Bonds, due July 1st, 1910, send them to us for payment or exchange for the new issue. We purchased $150,000.00 of the new Bonds, which are free of all taxes, and being a State depository are prepared to take up the maturing Bonds.

THE SOUTHERN NATIONAL BANK

QUESTION OF JURISDICTION

Raleigh Young Men Who Fought in Postoffice To Big Court.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 3.—Bedford Brown, a popular and efficient clerk in the Raleigh postoffice, and Edward Horton, who is contractor for the transfer of the mails from the postoffice to the union station and drives the wagon in the day time himself, became involved in a quarrel in the postoffice yesterday and several blows were passed before they could be separated. Report of the fight came to the ears of members of the police force and the two belligerents were arrested and cited to appear in the police justice's court. However United States Attorney H. F. Seawell was on hand when the case was called and set up the contention that the fight having taken place on government territory the Federal court had jurisdiction and the police justice could not try the case. Justice Stronach deferred a ruling as to the issue raised and continued the case until he could investigate. It is understood that he will turn the case over to Uncle Sam's court. However there is much discussion as to just what advantage there could have been to the two defendants in having the Federal court take the case. It was a petit case purely in which police court fines would hardly have exceeded $5 each. However in going on the Federal court docket there will be initial items of $10 costs each for the prosecution to say nothing of the costs of witnesses and other things incident to the trial, and the fines, of any that the court may impose.

THE UNKNOWN EXPOSED

Husky Kanawha Miner to Challenge Jack Johnson.

Charleston, W. Va., Aug. 3.—It is said Jim Corbett's great unknown, who is to be brought forth to lick Jack Johnson, is Charles Howard, a husky Kanawha coal miner. Howard neither confirms nor denies the accusation. What lends color to the belief is the fact that Howard has had several communications from Corbett since the Reno fight, and that Howard some years ago was trained by Corbett, but differences of opinion arising, the two sperated.

During his brief pugilistic career Howard fought a professional bout but once. That was with the champion of Columbus, Ohio. Howard challenged the Columbus champion to a finish fight and settled him with one punch.

Howard is a bigger man than Jeffries. He weighs 200 pounds and is every inch bone and muscle. He is 6 feet 1 inch high; neck 19 inches; biceps, 17 inches; chest, normal, 36; expanded, 45; waist, 34 inches; thigh, 26 inches; calf, 18 3-4 inches.

Howard is a veritable Hercules.

EARTHQUAKE IN CUBA.

Santiago Severely Shaken, But Damage Was Slight.

Santiago, Cuba, August 3.—A strong earthquake here today caused much alarm. The city was severely shaken, but the damage was slight.

El Paso, Texas, August 5.—Frozen dead, with the thermometer at 105 in the shade, was the fate of a Mexican at Maricopa, 300 miles west of here on an Arizona desert. A carload of ice had been unloaded on the depot platform and covered with a heavy tarapaulin. The man, seeking sleep and escape from the terrific heat, crawled beneath the tarpaulin, where he was found the next morning frozen stiff.

Minneapolis, Minn., Aug. 3.—Captain Eugene Childs, a veteran of the Civil war, who as a child flew a kite across Niagara Falls which permitted the engineers who built the suspension bridge there to draw the cables across, died at his home here today.
